## Big Cong Force Eludes Net Of U.S. Infantry

SAIGON, South Viet Nam (AP) — A large Viet Cong force eluded pursuing U.S. infantrymen today, slipping away through the dense jungle of Tay Ninh Province near the Cambodian border after inflicting heavy casualties on some U.S. units over the weekend in one of the fiercest fights of the war.

About 200 South Vietnamese militia, aided by accurate artillery support, beat off an unusual daylight attack by 400 to 500 Communists on a government post 12 miles southeast of Quang Ngai, on the central coast. A South Vietnamese spokesman said the enemy left 30 bodies on the battlefield, while only two militiamen were wounded.

Three new operations were announced, two by American forces and one by several South Vietnamese battalions.

A U.S. military spokesman reported "absolutely no contact" in Tay Ninh Province some 50 miles northwest of Saigon where about 10,000 American infantrymen were seeking to box in a Viet Cong regiment of 2,000 men. Reports from the scene said there had been only isolated sniper fire during the day.

The spokesman said 319 enemy bodies have been counted in the area where hard fighting lasted for four days through Sunday night.

Military analysts in Saigon said the stiff enemy resistance apparently developed because the Communists felt the U.S. probes were getting too close to the guerrillas' "central office for South Viet Nam," thought to be somewhere near the Cambodian border.

The American sweep of the enemy stronghold began Oct. 15, but pitched fighting did not develop until Thursday. Total U.S. casualties have been described as light but some units were hit hard in the four-day engagement.

## Lunar Orbiter Is On Course

PASADENA, Calif. (AP) — Nine hours after an Atlas-Agena blasted it skyward from Cape Kennedy, Lunar Orbiter 2 — thanks to a bit of black paint — passed a test its predecessor flunked.

And scientists controlling it from Jet Propulsion Laboratory here hope it will be able to carry out a schedule far more ambitious than that of Orbiter 1 — taking, developing and sending back to earth more than 200 pictures of 13 possible astronaut landing sites on the moon.

As Lunar Orbiter 2 hurtled at 5,800 miles an hour toward the moon a quarter-million miles away shortly after 3 a.m. today, it responded to scientists' orders, rotated and locked on the star Canopus as a navigation guide, JPL spokesmen said.

The 850-pound vehicle was hurled into the sky at 6:21 p.m. EST Sunday from Cape Kennedy, Fla.

## Weather

By The Associated Press

ESCANABA AND VICINITY — Cloudy with occasional periods of light rain or drizzle today and tonight, possibly changing to snow flurries and turning a little colder during Tuesday. High today, near 50. Low tonight, 38. Winds, southerly (12 to 22 mph) today and tonight. Wednesday outlook: chance of snow flurries and a little colder. High yesterday, 44 and low overnight, 41. Precipitation probabilities: today, 50%; tonight and Tuesday 40%.

Upper Peninsula — Cloudy, occasional rain or drizzle likely this afternoon. Cloudy, rain or drizzle east and rain possibly becoming mixed with snow west tonight, Tuesday cloudy and colder with snow likely. Low tonight in the 30s west to 40s east. High Tuesday 32 to 40.

## Ferency Says Romney Eyes President Bid

DETROIT (AP) — A possible 1968 presidential bid by George Romney may ride on the line Tuesday when voters choose between the Michigan governor and his Democratic challenger, Zoltan Ferency.

Romney, 59, has been given a 2-1 margin in most polls to defeat Ferency for a third term as governor.

Ferency, 42-year-old Democratic state chairman, has asserted Romney is considering a bid for the 1968 Republican presidential nomination. Romney has turned aside questions whether he has White House ambitions.

But Ferency continued today the active campaign he has been pressing among the normally Democratic labor movement in metropolitan Detroit.

G. Mennen Williams, 55-year-old former six-term governor, and Sen. Robert P. Griffin, R-Mich., went down to the wire today in their campaign for labor votes in Detroit.

Observers and polls have cited a close contest for the Senate between Griffin, 42, a former five-term congressman, and Williams, one of the state's most popular politicians in decades. Chief difference between the two has been Williams' support of the Johnson Administration and Griffin's votes against many Democratic programs.

Most state election officials expect 2.7 million voters to turn out — about the same number as in 1962 when Romney gave the Republicans their first Michigan governorship in 14 years.

Republican Lt. Gov. William G. Milliken has been favored for re-election over a Democratic unknown, lawyer John B. Bruff.

But Democratic Secretary of State James M. Hare, for years the party's top vote-getter, and Atty. Gen. Frank Kelley are favored over their GOP challengers, George Washington and Lawrence Lindner Washington is the first Negro to occupy a place as high on the ballot as secretary of state in Michigan.

## Van Pelt Injured In Auto Accident

HANCOCK (AP) — Dr. John R. Van Pelt, retired Michigan Tech president, was in serious condition at St. Joseph's Hospital today with hip and face injuries suffered in a Sunday auto accident.

Authorities said Dr. Van Pelt, of Houghton, apparently lost control of his car on an icy spot on U. S. 41 near Eagle Harbor. The auto plunged into a ditch and struck a tree.

## St. Louis Hearing To Set Milk Price

WASHINGTON (AP) — Public Hearings have been set for Nov. 14 in Cleveland and Nov. 15 in St. Louis on federal milk marketing orders affecting Michigan. The southern and upstate portions of Michigan will be covered by the Cleveland hearing and the Upper Peninsula will be covered by the St. Louis hearing. The hearings will be on fluid milk prices to be established for the December-June period.

## Death Toll Passes 300:

## Epidemic Fear Spurs Italy Flood Workers

FLORENCE, Italy (AP) — Helped by clearing weather and driven by fear of epidemic, a massive Italian-American rescue force worked today to pull a third of Italy from the chaos and misery of the nation's worst flood disaster.

More than 150 bodies were reported recovered and the estimated death toll went to 300. It was feared that the final count would be far greater.

Three days after the first floods and landslides struck in central and northeast Italy, rescue teams still had not reached all of the hundreds of stricken and isolated communities.

American military bases in the country sent men and machines to join Italian soldiers, police and civilian volunteers in a rescue force of 250,000.

## Some Facts On Tuesday Voting

By The Associated Press

Here are some facts on Tuesday's elections:

At stake: 35 governorships, 35 Senate seats, 435 House seats, thousands of lesser state and local offices.

Governorships: 20 at stake now held by Democrats, 15 by Republicans. Republicans expected to gain about 5. Holdovers, 13 Democrats, 2 Republicans.

Senate seats: 20 at stake now held by Democrats, 15 by Republicans. Little net swing expected. Holdovers, 47 Democrats, 18 Republicans. Needed for majority, 51.

House seats: 294 now held by Democrats, 139 by Republicans, 2 vacancies. Republicans expected to gain about 35-30. No holdovers. Needed for majority, 218.

Turnout: Between 56 million and 59 million voters expected, which would break off-year record of 53.5 million.

Weather: Mixed, including fair in East, cold and storm westward to central and northern Rockies, somewhat cloudy in Southwest and West.

Throughout the stricken area, from south of Florence to north of Venice, water contamination and hundreds of thousands of drowned livestock increased the danger of epidemics.

In mountain towns and villages in neighboring east Austria, an estimated 23 persons were dead after four days of blizzards and torrential rains.

Upstream river levels fell in Italy as billions of gallons of water from heavy rains and rampaging floods rushed seaward. That steadily raised the levels downstream.

Workers toiled through the night to shore up dikes and earth levees at the mouths of the Piave River north of Venice and the Po, Adige and Brenta Rivers south of Venice.

Florence and Venice, mud-stained and thick with debris from waters that had swirled 10 feet deep for hours, tried to achieve a semblance of normal life through relief and cleanup operations.

Prof. Ugo Procacci, superintendent of Florence's art galleries and museums, said the most serious damage to Renaissance art treasures was in the Basilica of Santa Croce. Among the damaged works was a painting of Christ by Cimabue, the 13th century painter.

## Bad Weather May Cut Vote Total

LANSING (AP) — The bad weather which kept some political campaigners home last week may continue long enough to keep some voters home Tuesday.

Robert Montgomery, state elections director, said with normal early November weather—cool but little or no snow—he would expect about 2.8 million Michigan citizens to vote. But the weather bureau's five-day forecast, issued Friday, was for temperatures due to nine degrees below seasonal norms and another half inch of snow throughout the state.

It also mentioned a possibility of rain on election day in the populous southern areas of the state.

# Expect Voter Record In Off-Year Election

## Nixon Rebutts Savage Attack From Johnson

NEW YORK (AP) — Richard M. Nixon urges the American people to turn from President Johnson to Congress for new leadership and to fill Congress with "men who will stand up for the people when the President is wrong."

The former vice president, campaigning for Republican candidates in Tuesday's election, sounded the call to the voters Sunday as he made two half-hour national television broadcasts.

"Political Fakery"

Nixon accused Secretary of Defense Robert S. McNamara of indulging in "political fakery" by making a pre-election announcement of a forthcoming slowdown in the dispatch of troops of Viet Nam.

He called the secretary "Lyndon Johnson's Charlie McCarthy," his political stooge "for flying to the political atmosphere of the LBJ Ranch in Texas to say that next year's buildup would be less than the 200,000 men sent to Southeast Asia this year. McNamara also predicted a cut in draft quotas."

Johnson, questioned by reporters in Texas, refused to renew his feud with the former vice president. It started Friday when the President said at a news conference that Nixon "doesn't serve his country well" by questioning Johnson's handling of the Viet Nam war.

"Cheap Demagoguery"

Nixon called the President's remarks "cheap political demagoguery" on ABC-TV's "Issues and Answers" program Sunday.

In a windup speech for the Republican party later on NBC-TV he called it "one of the most savage personal assaults ever leveled by the President of the United States against one of his political opponents."

Although he hit out against the President and McNamara on the question and answer program, Nixon took a more studied approach on the campaign climax program.

Saying he understood Johnson was listening, Nixon told the President he had always respected him and still did.

"My respect has not changed because of the personal attack you made on me," he said. He pledged that "despite our past disagreements, you have my complete support as you work for the cause of peace with freedom abroad and as we both work for the cause of progress through freedom at home."

## \$78 Million Tax

ALLEGAN (AP) — Real property taxes for Allegan County this year total \$78 million, county officials said today. Personal property taxes were set at \$27.5 million.

## Today's Chuckle

A beauty contest could more aptly be termed the less round-up.

## Great Society Key In Vote For New House

WASHINGTON (AP) — The future of President Johnson's "Great Society" could be largely determined Tuesday when voters select a new House of Representatives.

Although Democrats appear certain to retain control of the House, it seems equally certain the big majority that enabled Johnson to launch his far-reaching domestic program will be reduced.

The question, which can't be answered until the polls close, is how much?

On election eve, Democratic and Republican strategists, in separate assessments of House races, are in near agreement that Republicans stand to gain between 25 and 30 seats. They had 140 seats to the Democrats' 285 in the 89th Congress.

The big worry for Democrats is that in an off-year election, a lot of voters will stay home because no big issue is agitating them.

Republican hopes for a really significant increase in their House strength rest on the possibility that the vague, voiceless dissatisfaction of many voters with the war in Viet Nam, high prices, Negro riots and Johnson's performance in general, will produce a last-minute surge of support for GOP candidates.

Although a GOP pickup of 25 or 30 seats would still leave the Democrats a theoretical edge of 85 or 100 seats, it could sharply reduce chances for Johnson's domestic program.

Paper majorities don't tell the whole story in the House because a large bloc of conservative Democrats, mainly from the South, frequently vote with Republicans against the administration.

On a dozen votes in the 89th Congress, key administration bills were passed or saved from emasculation by fewer than 50 votes. A switch of 25 votes would have been fatal.

The National Democrats have no seats in the federal Parliament and no direct influence. But their surge of success is bound to make more prominent politicians want to steal their thunder.

The advance made by the NPD was likely to strengthen the hand of former Defense Minister Franz-Josef Strauss and others urging that the dominant Christian Democratic party take a more nationalistic line, like President Charles de Gaulle's.

## Russ Seek War End: Harriman

LONDON (AP) — President Johnson's roving envoy, W. Averell Harriman, said today he is convinced the Soviet Union wants peace in Viet Nam and only Peking "sees an advantage in continuing the war."

Speaking at a news conference at the U.S. Embassy after a world trip explaining to leaders of other nations the purposes and results of the Manila conference, Harriman said he personally is more optimistic for peace—"not by anything I have said but by the sheer massive weight of world opinion piling up for peace."

He said the North Vietnamese Communists would be disappointed if they expected Tuesday's U.S. elections to show a serious split among the American people on the war issue. If anything, he predicted, these elections would produce a "more hawkish" trend.

Harriman said President Johnson "would have to prove himself as tough as President Harry S. Truman did against pressures on him to expand the Korean War."

## Two Die In Crash Of Plane In Lake

PORT HURON (AP) — A building supply firm executive and his wife were killed Saturday in the crash of an airplane into Lake Huron near here. Authorities said Sunday that apparently no one else was aboard the aircraft.

Coroner R. D. MacKinnlay of St. Clair County identified the victims as J. D. Oakes, 63, and his wife, Leona, 58, of Guelph, Ont.

He said that apparently no one else was aboard the five-passenger Cessna 265 when it went down about 1,000 yards off shore in Canadian waters in foggy, drizzly weather. J. D. Oakes & Sons Ltd. owned the plane.

## President Hits Back At Voter White Backlash

WASHINGTON (AP) — The campaign winds up today, sparked by a blast from President Johnson at "white backlash" voting.

Former Vice President Richard M. Nixon also added some homestretch steam, countering the President on the Viet Nam issue.

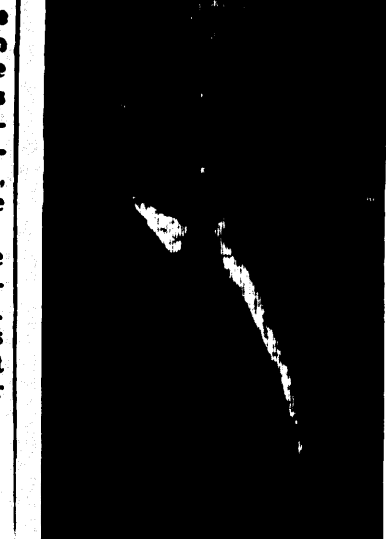

"Vote here" signs will be out across the land Tuesday, and an estimated 50 million Americans — a record for a nonpresidential election — are expected to answer the call. An Associated Press survey completed five days before the voting indicates the voters are likely to give the Republicans five or six additional governorships, perhaps an additional Senate seat and fewer than 30 additional House seats. The "out" party usually makes congressional gains in off-year elections.

At a Texas news conference Sunday, Johnson zeroed in on the backlash — the adverse reaction of some whites to violence in some Negro demonstrations and the feeling of some whites that Negroes are pushing too hard for equal rights.

The President declared "racism, whether it comes packaged in the Nazi's brown shirt or a three-button suit, destroys the moral fiber of a nation. It poisons public life."

He said: "I can think of nothing more dangerous, more divisive, or more self-destructive than the effort to prey on what is called white backlash. It is dangerous because it threatens to vest power in the hands of second-rate men whose only qualification is their ability to pander on other men's fears."

Johnson was on the receiving end of retort from Nixon. The 1960 GOP presidential standard-bearer, replying to Johnson's criticism of him last Friday for questioning the Manila conference's approach to any future troop withdrawal from South Viet Nam, said the President was "a tired man engaging in verbal abuse."

ALAN BOYD, above, was named to be the first Secretary of Transportation by President Lyndon Johnson on Sunday at Fredericksburg, Texas.

## Griffin Leads Says Final Poll

DETROIT (AP) — The Detroit News reported today its final pre-election poll gave Sen. Robert P. Griffin, R-Mich., 53 per cent of the vote compared with 44 per cent for his Democratic challenger, former Gov. G. Mennen Williams.

The percentage was a two-point gain for Griffin compared with a News poll published Oct. 10. Three per cent of the sampling failed to mark ballots in both polls.

The October percentage was Griffin 51, Williams 46.

The News has endorsed Griffin in his race with the former six-times governor.

The News said basic field work on its poll, conducted by Market Opinion Research Co., was completed a week ago, just prior to a campaign swing by Senator Robert F. Kennedy, D-N.Y., in behalf of Williams and other Democratic candidates.

But the News said a resampling of Wayne (Detroit) County last Thursday and Friday "showed no break in the trend toward Griffin."

## No Retirement

LOUISVILLE, Ky. (AP) — Rep. Frank Chelf, a Democrat, who had planned to retire this year after 22 years in Congress, is his party's new 4th District candidate in Tuesday's election.

Chelf was selected Sunday night as the replacement for John J. Maloney, 61, of Covington, who died Sunday afternoon at Louisville apparently of a heart attack.

## Boy Skydiver's 9th Hop Fatal

MANASSAS, Va. (AP) — Dana Rutledge, 11, spent half his young life around skydivers. He knew what it was all about.

So skilled and trustworthy he was that for the last 300 of 1,000 jumps his father has made, he was allowed to rack the chute.

The father, Carl A. Rutledge, is a classifier at the U.S. Patent Office in nearby Washington and lives in Vienna, Va. He has been jumping for five years and is president of "The Targeters," a skydiving club.

None of the 160 or so members of the club loves skydiving more than Dana did. He was, said Rutledge, "very athletic and smart as a whip and quick in his response to things."

Yet, when Dana begged to be allowed to jump, Rutledge thought a long time. Finally, because of Dana's "over-all general knowledge" of skydiving, Rutledge gave in.

Dana made his first jump last summer.

Sunday, he made his ninth and last. His chute failed to open properly and he fell to his death in a field on the family's farm near here.

On the ground, Rutledge saw it happen. He was in charge of the jump.

The chances of a fatality in skydiving "are one in a million — just astronomical," Rutledge said. But it can happen and Rutledge knew it. He plans to keep on jumping.

Exactly what happened to Dana's chute, he does not know.

The boy — a 5th grader in school — jumped from a light plane at 3,200 feet. He was to pull the ripcord as soon as he cleared the plane. The main chute did not open.

The emergency chute opened but it did not blossom. It might have opened too late.

Dana packed the chute, his father said, but it was the chute that was at fault.

## Escanaba Boy, 15, Electrocuted

John Brian Curran, 15-year-old son of Mr. and Mrs. John W. Curran, 1420 S. 13th St., was electrocuted about 2:20 p.m. Sunday when a television tower he was helping to erect at a Menominee County hunting camp was blown by wind into a 7,200 volt power line.

State Police of the Stephenson Post said after attempts to revive the boy by mouth-to-mouth respiration failed, he was taken by his father to Dr. Theodore Bash of Bark River where he was pronounced dead.

Dr. John Heidenreich, Menominee County coroner, was notified.

Troopers said the accident happened at a camp owned by

Alvin Albert, 1312 3rd. Ave., S., Escanaba. The camp is located in Section 8, Gourley Township, about six miles east and two miles north of Carney. The victim was attempting

to hold a 27-foot antenna atop of a trailer used as a camp while his father, John, and Michael Albert, son of the camp owner, tried to attach guy wires, officers said. When wind

blew the tower, the boy failed to let go of the tower.

His father and Michael Albert were not injured when they released the wires.

John Brian Curran was born Oct. 6, 1951 in Escanaba, was a student at Escanaba Area High School and a member of St. Patrick's Church.

Surviving besides his parents are a sister, Connie and two brothers, Kevin and Mark.

Friends may call at the Alto Funeral Home from 3 to 9:30 p.m. Tuesday and the Rosary will be recited at 8 p.m. Tuesday. Funeral services will be conducted at 9 a.m. Wednesday at St. Patrick's Church with Mr. M. B. Melican officiating. Burial will be in Holy Cross Cemetery.

## Office Building Plans Progress

The breaking of ground for the new laboratory wing on the State Office Building in Escanaba is a "possibility for this year yet, but not a probability," Rep. Einar Erdandsen said today.

The Arntzen architectural firm, he said, is putting the finishing touches on working drawings of plans for the addition, consulting on details with the Michigan Department of Agriculture and Michigan Department of Health, which the laboratory will serve.

When the plans are complete they will go from the State

Building Division to the Department of Administration for the go-ahead with construction. First step will be calling for bids.

The Legislature has appropriated \$350,000 for the addition to the State Office Building and has acquired from the City of Escanaba the property at S. 3rd St. and 1st Ave. S., on which the addition will be built.

The state, said Erdandsen, is having the four other properties in the half block along 1st Ave. S., south of the State Office Building appraised for acquisition as site for possible future extension of the building.

An early need of the building will be a heating plant. It is now served by the city steam plant, which is being phased out.

Likeliest prospect for the construction is a spring start at this time, said Erdandsen, but he said that quick action might get it started this winter.

## Election Polls To Open At 7

The polls for Michigan's general election to be held on Tuesday will open at 7 a.m. and close at 8 p.m.

In Delta County voting machines are used in Wells township and in the City of Escanaba. All other precincts use paper ballots.

The polling places in the City:

Precinct 1—Delta County Court House, 2—Bay de Noc Community College West Hall, 3—Bay de Noc Community College East Hall, 4—Jefferson School, 5—Junior High School, 6—Lemmer School, 7 Webster School.

The voters will elect state officers, congressional and legislative representatives, members of college and university boards, and supreme court justices.

## Harry Perras Taken By Death

Harry H. Perras, 82, of 211 S. 10th St., Escanaba died at 9:10 p.m. Sunday at St. Francis Hospital. He had been in ill health for the past two months.

Mr. Perras was born July 15, 1884 in Escanaba and had resided here all his life. He had made his home with a cousin, Mrs. Zella Blake.

He had been employed as a machinist for the C.N.W. Railroad for 39 years, retiring in 1953. He was a member of St. Joseph's Church, the Holy Name Society and the Machinists' Union.

Surviving are several nieces and nephews including Frieda Derwin of Escanaba.

Friends may call at the Alto Funeral Home from 4 to 9:30 p.m. Tuesday and the Rosary will be recited at 8:30 p.m. Tuesday. Funeral services will be conducted at 11 a.m. Wednesday at St. Joseph's Church in Escanaba with the Rev. Jordan Telles officiating. Burial will be in Holy Cross Cemetery.

The persimmon fruit is obtained from a species of the ebony tree.

## Police To Vote Union Choice

The Michigan Labor Mediation Board on Nov. 3 ordered that an election be held to determine who will represent the Escanaba Police patrolmen and sergeants in collective bargaining with the City of Escanaba.

No date was set for the election, which will be posted as to date and place and supervised by a labor Mediation Board representative.

The police officers will have three choices:

To be represented by the Teamsters Union Local 328.

To be represented by the American Federation of County and Municipal Employees.

To be represented by neither. Notification of the Labor Mediation Board decision to order an election was received today by City Attorney John G. Erickson.

The Police officers in the past have been represented by the Municipal Employees union, which also represents most other Escanaba city employees.

Earlier this year the Teamsters notified City Manager George Harvey that the police sought affiliation with the Teamsters and wanted the Teamsters to represent them in negotiations. The Municipal Employees union intervened.

The Labor Mediation Board held a hearing in Escanaba on May 18. It's decision has been awaited since that date.

The Labor Mediation Board in Lansing reported that its mediator, Carl York, has been supplied with the file in the case. York was at a meeting of the Delta County Road Commission today.

The Road Commission employees are also seeking to have the Teamsters represent them in collective bargaining with the Commission.

## Higher Price Ups Milk Flow

In the early November marketing report, Michigan State University marketing specialist John Ferris points out that dairy farmers are beginning to respond to rising milk prices.

The secretary of agriculture recently assured dairy farmers that the present support price of \$4 a hundredweight for manufacturing milk will be continued through the next marketing year, which will begin on April 1, 1967. The advance announcement was made to aid dairy farmers in their production plans. This level of support might be continued in the 1968-69 marketing year since it would be politically difficult to lower supports in an election year.

In January through July of 1966, the total U.S. milk output ran 4.2 per cent under the year before. In August, the drop was 2.5 per cent and in September the decline was only .8 per cent. Prices may not have been the only reason for this shift. Pasture conditions improved in September. This plus increased grain feeding boosted milk production per cow by 5 per cent over last year, which accounts for most of the leveling off in the decline in total output.

September milk production in Michigan continued under last line with the rate of decline for year by 6 per cent, which is in the earlier months.

## Powers-Spalding

The Spalding Township Volunteer Firemen held their regular business meeting on Thursday evening at the Fire Hall. The annual Firemen's Venison Supper will be held on the evening of Jan. 7 at the Legion Clubrooms.

## Cameraman Uses Gun, Gets Coyote

Frans Kuula of Rock, took a flash photograph of a coyote in the apple orchard at his home which was published in the Press. Last Wednesday evening a female coyote came into his orchard, which has deer visit it nightly to eat the apples, and Kuula shot it, with a rifle this time, not a camera.

## Fete Quarnstrom

MT PLEASANT — A total of 360 years of service in public education was represented by retired superintendents who were recently honored by Central Michigan University and cited for their contribution.

Among those honored was Hagle Quarnstrom, Escanaba, Delta Intermediate District.

# Cornell: Schools Must Develop Leaders

## Banquet Marks Hundred Years

A sense of accomplishment, an expression of fond recollection, and a look to the responsibilities of the future characterized the Escanaba Public Schools' centennial banquet program Saturday night.

The banquet, held in the Area Public High School commons, was attended by about 300 persons.

Messages of congratulation came from Gov. Romney, Harold Howe, U. S. Commissioner of Education, Vice President Hubert Humphrey and others.

The program was the culminating event of the Centennial observance for the public schools of the Escanaba area. The public school system was organized in 1866, just three years after the initial settlement of the community.

### Need Leadership

Dr. S. Douglas Cornell, president of the new Mackinac College at Mackinac Island, and for 12 years executive officer of the National Academy of Sciences, was the principal speaker.

Dr. Cornell said that he believes "youth will respond to the challenge" if educators call upon young people to develop into adults capable of the leadership the country must have to attain its spiritual as well as physical goals.

"Education should combine the things of the spirit with a tough and demanding education," he declared. "What we need is a new type of man for a new type of leadership — a leadership responsible to itself and to the country."

Dr. Cornell noted that some youth graduates from high schools seeking careers of service, and after college return "apathetic, with less faith, less purpose — they couldn't care less."

### Served The People

The leadership necessary in

THE CENTENNIAL of the public school's banquet speaker in Escanaba Saturday night was Dr. S. Douglas Cornell, president Mackinac College, Mackinac Island. Pictured (from

left) are John A. Lemmer, Mrs. Vernon K. Johnson and Dr. Johnson, Dr. Cornell, and Supt. Luther Barrett and Mrs. Barrett. (Daily Press Photo)

this country and in the world must "come out of character and courage," must have "a sense of right and wrong," Dr. Cornell declared.

Dr. Vernon K. Johnson of the Escanaba Board of Education was the toastmaster. The invocation was by the Rev. Karl J. Hammar and the benediction by the Rt. Rev. Msgr. Martin B. Melican.

The recollections of the past in the Escanaba public schools were presented by Vendela Siquist, teacher at the Webster School, and John A. Lemmer, teacher, high school principal, and superintendent of schools, now retired.

The years when the Webster School taught English to the sons and daughters of the parents who came to Escanaba from many lands, and the children in turn shared the language with their parents at home, were described by Miss Sundquist.

Those were the years of street cars and passenger boats, of picking blueberries at Ston-

ington, raising \$5,000 to help feed the children of Europe under the Hoover program, and giving children breakfasts of hot oatmeal at school during the depression.

### Most 'Food Kids'

Lemmer, Escanaba's "superintendent emeritus," recalled events through the years since he began teaching at the Flat Rock school 54 years ago. He described events at Escanaba High School, where he served as teacher and principal before becoming superintendent.

Orange and black were selected as the school colors in 1921, the first Halloween carnival in the community was held in the High School in 1922, and "Knights of the Shovel and Rake" helped build the athletic field. In those days boys were cheer leaders and the High School Band had 10 musicians.

Lemmer praised the thousands of students he knew through the years "99.44 per cent were good kids" — and commended the teachers, custodians and boards of education who served the schools and the community. He gave special mention to Dr. Roy B. Johnson, former member of the Board of Education, now ill in a hospital in Iron Mountain.

"We can start the next 100 years with facilities and a program of which we can all be proud," he said.

Luther Barrett, superintendent of schools, commended those who helped make the School Centennial program a success.

The Centennial committee: Robert E. Meyer, John A. Lemmer, Barrett, Edward Edick, Charles Follo, Eva Flemstrom, Vendela Sundquist, Margaret Gilbert, Naomi Woodard, Signe Moore, David Andrews and Ralph Tippet.

The banquet committee

members were Karen Bennett, Conrad Beck, the Mortarboard, members with Gladys Swanson, Ted Breitenbach and staff.

Group singing, music by the High School Choral directed by Conrad Beck, and dinner music by William Van Effen completed the program.

## Gas Co. Buys Office Building

Michigan Consolidated Gas Co. has purchased the office building at 1626-28 Ludington St., and will begin remodeling early in 1967, says Harry J. Middleton, area manager of the utility.

The utility has purchased the building from Reginald and Evelyn Lavelle. Michigan Consolidated has leased half of the 5,260 square foot building since it began operations here in the spring of 1965, and the Lavelles operated their Treasure Shop in the other half.

Middleton said the interior of the area now occupied by the company will remain unchanged. The former Treasure Shop will be remodeled inside and out at an estimated cost of \$25,000, and will include a Hospitality Center, available to church groups, clubs and civic organizations as a meeting place.

Remodeling plans include a new front entrance, new ceiling and floor tile throughout, kitchen facilities, and a modern gas

heating system. Front area of the building will have a new sales display area designed to show newest model gas ranges, water heaters, dryers, incinerators, and room heaters.

The front of the yellow brick building will be re-faced with aluminum siding. The rear area will be black-topped for customer parking.

"Michigan Consolidated has been very pleased with the reception it has received in Escanaba, and we are happy to show our appreciation by providing this Hospitality Center for community meeting," Middleton said. "Such centers in our older service areas in Lower Michigan have proved most popular, and we are pleased to have the first such center in the Upper Peninsula here in Escanaba."

The Lavelles had operated their Treasure Shop for 14 years. They discontinued it three weeks ago to make their full building available to the utility and they will not reopen their shop, Lavelle said.

## Debate Film Is Protested

One of the late campaign conversation pieces in Michigan is the Zoltan Ferency film version of his first campaign debate with Governor Romney. It is being shown around Michigan on TV as a paid advertisement by the Democratic Party.

Romney protested the showing of the film on commercial television as a doctored presentation. He has a bit part in the film as it emerges from Democratic editing. Ferency emerges as the star.

The debate ran two hours and the first 12 minutes of the 23-minute film covers the best parts of Ferency's 20-minute opening statement to the AFL-CIO COPE convention at Cobo Hall, Detroit, on Sept. 27.

Cheered on by his friendly listeners, Ferency called for a "veto of George Romney," labels the governor a penny-pincher on state needs and says that only a graduated state income tax will solve the state's problems.

Asked by newsmen at the Detroit Press Club preview of the film Nov. 3 if he considered the presentation fair, Ferency said: "It's certainly not as deceitful as that ad in the newspapers purporting to show (Senator) Bob Griffin buddy-buddy with Bobby Kennedy. I could have taken 27 of the 28 minutes if I had wanted to, since we're buying the time."

## Decision Day

The shouting is over and Decision Day is Tuesday. We vote then.

There has been the usual last weekend of appeals. It would be disquieting if they could prevail, because it would mean that the long campaign with its purported appeal to reason didn't count, and that the last appeal was the one that mattered.

The last appeal usually isn't a good one, it is an appeal to the emotions and not the sense, but both parties indulge in it. They get so full of themselves, so hopeful that a little more effort will bring them more votes, so apprehensive that they haven't quite pulled it off and that they should keep the game going right up to the time when the polls open, that there's always a bravura finish.

The campaign has been preface to an election that is everywhere regarded as specially important. Michigan is choosing a way of state government that will be very important for the immediate future and perhaps for a longer period. It has in Republican Gov. George Romney and a Democratic Legislature much more than a simple switch from Democratic Gov. Soapy Williams and a Republican Legislature.

The failures of the Soapy years are clear and Romney has built a large respect in Michigan for his new approach to state government. He hasn't been able to get the public to give him full support for his leadership by electing a Republican Legislature, but he has demonstrated with clarity that the people do accept his basic idea that government — if it is to be successful — must finally serve the public interest and — once elected — be beyond slavish party preference. Neither the Democrats nor the Republicans should be able to muster a control of government which shuts out the opposition. It is often the voice of conscience and of sense.

This is Romney's strength. He has tried to serve the public interest. Sometimes the Republicans have said that he wasn't partisan (Republican) enough and the Democrats, of course, have always said that he wasn't Democratic enough.

We come to the wire with Ray Clevenger, the 11th District Democratic congressman, asking re-election on a basis of undeviating support of the Johnson Administration. This is the major issue in that election. The voters have no chance to vote on the Presidency on Tuesday, except in the Congress and Senate races.

Clevenger is one of the 48 young Democratic congressmen — many of them, like him, elected in 1964 in previously Republican constituencies — who have said Johnson proposals on more than 20 occasions. The votes on these young congressmen will show if the voters regard LBJ as an asset or a liability.

Former Vice President Richard Nixon, answering a bitter attack on his comments on the Johnson Manila Conference Sunday, said that the Congress should never be in the possession of the President. This is the big underlying issue in Tuesday's election.

The New York Times is a Democratic newspaper, but its Tom Wicker, writing for Sunday's editions, said that President Johnson's denial that he had cancelled a multi-state political tour that he had been expected to make in the weekend might be just barely permissible as a play on words. He hadn't signed any contracts to make the tour nor otherwise legally or formally committed himself to it, but he had certainly planned the trip and had even sent aides to the cities on his planned itinerary to make arrangements for his visit. In Chicago Mayor Daley had been able to report an exact schedule of planned appearances.

"By denying that he had ever planned such a trip," wrote Wicker "he angered reporters who had written in good faith that he would; he raised in the minds of numerous political observers the suspicion that he had dropped his plans because he feared too many of the candidates he would have to campaign for — like Governor Brown in California and Senator Douglas in Illinois — were doomed to defeat; and he lent credence to the widespread belief that he is a tricky politician who seldom reveals his true motives for anything."

Wicker said the President's right to reply to Richard Nixon's criticisms of the Manila Conference communiqué is manifest, that Nixon has dished it out enough to merit no immunity from counter-attack, but in asserting that the former vice president "does not serve his country well" the President, went beyond the issue between them.

Wicker wrote: "The guile that Johnson showed in denying he had planned a political swing and in accusing the press of fabricating the whole thing, impatience for other ideas conveyed in his remarks about Nixon — these lie at the root of the credibility (believability) gap. They suggest that Johnson is a little too clever and a little too powerful."

If the election issue can be capsulized, this is it.

## Makes Monkeys Act Like People

By HAL BOYLE  
NEW YORK (AP) — Things a columnist might never know if he didn't open his mail: Science has confirmed the claim of many teen-agers that they actually can study better while listening to loud music. Tests showed, however, that this was true only of high school students, not of college students. Psychologists say baseball players are at peak form at the age of 28, golfers from 25 to 35, bowlers from 30 to 34. Horse players often aren't at their best until 65, when they can devote their entire time to the game. Liquor, which sometimes makes people act like monkeys, also can make monkeys act like people. Researchers have found that alcohol can calm the fears of monkeys, but they can become so fond of its tranquilizing effects that they become animal alcoholics. Aren't you glad that your hungry child doesn't grow at the same rate as do the larvae of the monarch butterfly? If he did, in about two weeks you'd have an eight-ton kid on your hands.

## "What Are You, Some Kind of Square or Somethin'?"

## As U.P. Show Opens Here

## Potato Industry Looks Up

The 37th annual Upper Peninsula Potato Show at Marquette on Tuesday and Wednesday will find the industry in the Upper Peninsula moving upward again in acreage and production value.

The multi-million dollar potato industry in the Upper Peninsula is concentrating rather heavily on baking type potatoes — the kind that housewives are apt to call "Idaho" and which U. P. growers call Russet Burbanks.

They have led the revival of interest and activity in potato culture in U. P. agriculture and resulted in the U. P. capturing the Michigan Week agricultural award a year ago. They go to a quality market and they go in foil wrappers and in boxes with all the potatoes electronically sized and otherwise gussied up.

Dickinson County and Delta County are the top Burbank potato producers in the Upper Peninsula. Houghton County is a big potato producer but is still agriculturally polyglot, growing many varieties and selling many of them to the canned soup manufacturers, who are so conditioned to variety that they don't seem to care whether their potatoes are all one variety, just so they hold their texture in processing.

The Potato Show will open on Tuesday when growers

bring their samples in. Houghton, Marquette, Iron, Dickinson and Delta county growers will supply most of the entries for the show, with some coming from Menominee — once a big potato producer — and Luce counties.

Along with the russet bakers there will be some white variety potatoes, Sebago and Superiors, and maybe some Ontario. And some red varieties like Norland and Lasoda, which Michigan State University has been introducing in recent years.

Judging of entries will start at 4 p. m. Tuesday with Dr. Richard Chase of the Farm Crops Science Department and Dr. Don Thurlow of the Soil Science Department of MSU in charge.

Starting at 9 Wednesday the vocational agricultural program will test students on identification of potato varieties, diseases and injuries and on judging of trueness to type, uniformity, etc. There will also be a 4-H Club contest with oral interviews on the way the members grew their potato projects.

Wednesday at 2 there will be an educational meeting for growers with Chase and Thurlow in charge. At 3 President Valerie Vandamme of St. Nicholas of the U. P. Potato Growers Association, sponsor of the show, will open its annual meeting.

The show banquet will be held at 6:30 p. m. with Gail Bowers, of Stephenson, Menominee County MSU Extension director, as toastmaster and with William Klueder, director of resource development for the Chicago & North Western Railway, as speaker. Klueder will discuss U. P. agriculture and the general economy. The potato show awards will be made at the dinner.

Resuming a program carried out in conjunction with the local school in 1935 and 1936, the University of Michigan tested the use of the English language by seniors of Escanaba High School — as one means of determining the width of the educational span between high school and college for the average student.

Thomas Books Fletcher, one of the most versatile lecturers on the platform appeared at the Memorial Methodist Church in Gladstone.

It was expected that a large number of patrons would be attracted to the Pythian Hall when Mrs. Ernest Vosberg, a talented reader, of Chicago, would present Joan of Arc. She appeared here under the auspices of the Escanaba Women's Club.

Resuming a program carried out in conjunction with the local school in 1935 and 1936, the University of Michigan tested the use of the English language by seniors of Escanaba High School — as one means of determining the width of the educational span between high school and college for the average student.

Thomas Books Fletcher, one of the most versatile lecturers on the platform appeared at the Memorial Methodist Church in Gladstone.

It was expected that a large number of patrons would be attracted to the Pythian Hall when Mrs. Ernest Vosberg, a talented reader, of Chicago, would present Joan of Arc. She appeared here under the auspices of the Escanaba Women's Club.

The show banquet will be held at 6:30 p. m. with Gail Bowers, of Stephenson, Menominee County MSU Extension director, as toastmaster and with William Klueder, director of resource development for the Chicago & North Western Railway, as speaker. Klueder will discuss U. P. agriculture and the general economy. The potato show awards will be made at the dinner.

## Trainee

The Michigan Education Association announces the appointment of Mrs. Irene Lovig, president of the Menominee City Education Association, as an intern consultant.

She has been assigned to work in Region 17, with MEA Field Representative Arnold Korpi. Region 17 covers Menominee, Delta, Dickinson, Marquette, and Alger counties.

The Maldives Islands, under British protection since 1887, became an independent state in 1965.

## FOR YOUR PROTECTION

**BILL PERRON**  
ANSWERS YOUR INSURANCE QUESTIONS

**QUESTION:** Why do people buy what they call floater insurance for furs and cameras and jewelry? Can't things like that be included in other insurance?

**ANSWER:** Yes, they can but insurance companies have designed special forms of insurance which protect things like the items you mention from many kinds of loss — not just fire and theft. Usually it's so inexpensive it pays to buy it.

This public service is our way of advertising. Your insurance questions will be answered without charge or obligation if you'll send or bring them to:

## Annuities For Rail Workers Get Supplement

Supplemental annuities for long-service railroad workers awarded annuities by the Railroad Retirement Board after June 1966 are provided by amendments to the railroad retirement laws signed by the President on Oct. 30. According to Keith Donalds, manager of the Board's Escanaba district office, the legislation also provides a 7 per cent increase in the monthly annuities of many beneficiaries on the Board's rolls that is in line with last year's increase in social security benefits. Other legislation provides annuities to surviving children aged 18-21 attending school full time and makes other improvements, mainly of a technical nature.

Railroad employees awarded annuities on or after July 1, 1966, can receive a supplemental annuity at age 65, providing they have at least 25 years of railroad service and a recent attachment to the industry. The benefit, which will be payable in addition to the regular railroad retirement annuity, will range from \$45 a month for employees with 25 years of service to \$70 a month for employees with 30 or more years of service.

## Now Many Wear FALSE TEETH With More Comfort

**FASTESTH**, a pleasant alkaline powder, holds false teeth firmer. To eat and talk in more comfort, just sprinkle a little **FASTESTH** on your plates. No gummy, goopy taste or feeling. Checks denture breath. Dentures that fit are essential to health. See your dentist regularly. Get **FASTESTH** at all drug counters.

## Retiree Help On UAW List

FLINT (AP)—A United Auto Workers union official said Thursday the union would demand company payment of the \$3 Medicare fee for retired auto workers at next year's auto-labor contract talks.

Emil Mazzy, secretary-treasurer of the UAW, made the remark at a luncheon meeting for UAW retirees.

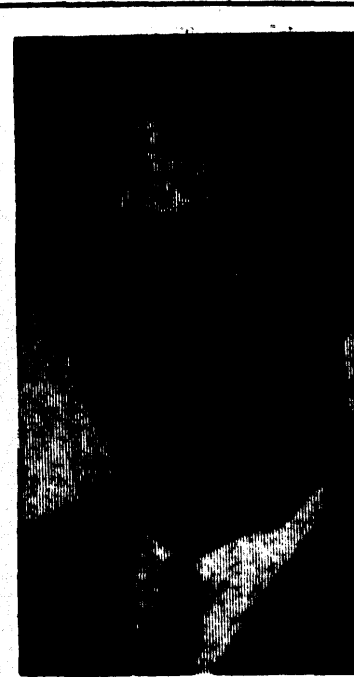

Mazzy said union demands also would include company payment of group hospitalization insurance for widows of retirees.

The Big Three auto makers—Ford, General Motors and Chrysler—along with American Motors, now pay group insurance for employees and retirees. Mazzy noted a Tuesday speech in Flint by GM President James M. Roche, who called for a peaceful agreement in next year's talks and was sharply critical of what he termed unnecessary strikes over local plant issues once the national auto-labor contract had been settled.

"We in the UAW share Mr. Roche's hopes that we can reach settlement without a strike," Mazzy said. "But whether we have one or not depends on whether companies are ready to settle the issues at the bargaining table."

"And, it depends too, on whether the corporations are willing to settle the very real grievances that exist at the local plant level," he added.

The largest copper mine in Europe is located in Finland. More than 2,500,000 tons of ore were produced in 1964.

**DUDLEY CRESS**, above, has been appointed managing editor of the Michigan Tech News Bureau. A. R. Howard, director of university relations, announces. Cress former news editor for Colorado State University, Fort Collins, Colo., was an editor-reporter for the Fort Collins Coloradoan and also worked for the Tulsa, Okla. Daily World.

The industrial revolution made essential more exact methods of measurement. Parts of a machine made in different factories will not fit together unless they are made to precise standards.

## 4-H Lad Beats Dad's Record

DETROIT (AP)—It may just be inflation, but Mark Champion is one up on his dad.

Mark, a 10-year-old from South Rockwood, collected \$6 a pound for his 110-pound grand champion lamb here at the action concluding the three-day, 37th annual Detroit Junior Livestock Show.

Carl's Chop House, a Detroit restaurant, outbid competitors for the lamb. Mark, who at 10 barely qualifies to enter the show, got a dollar more per pound than his father, Robert, did in selling his grand champion lamb in the 1948 show.

The show attracted 265 Michigan 4-H Club members, showing 600 animals, including a grand total of 250,000 pounds of prime beef.

Nancy Diuble's grand champion Angus steer took the highest price in the auction. The

1000-pound animal, shown by the 14-year-old Ann Arbor girl, paid off at \$2 a pound. The high bid was put in by Great Scott Food Markets, Detroit.

Other top auction prices: Reserve Champion Lamb, shown by Raymond McMillen, 14, of Litchfield, \$1 a pound by Great Scott.

Reserve Champion Steer, 935-pound Hereford, by Brent O'Dell, 12, of Sanford, 85 cents a pound by Great Scott.

Grand Champion Short Horn, 845 pounds, by Dan McCoy, 17, of Durand, 65 cents by Hamady Brothers, Flint.

Grand Champion Hog, 225 pounds, by Brenda Bussing, 12, of Coldwater, \$1.35 by Crown Packing Co., Detroit.

Reserve Champion Hog, 190 pounds, by Geraldine Fry, 16, of Kalamazoo, 55 cents by Great Scott.

Grand Champion Pen (three hogs), combined weight 415 pounds, by Marsha K. Brown, 16, of Mason, 32 cents by Great Scott.

The Cajuns are the descendants of the Acadian refugees who settled in Louisiana.

## Powers-Spalding 4-H Club

The first meeting of the Rip and Zip 4-H Club was held on Nov. 3. Officers were elected as follows: President, Lori Hansen; Vice President, Starr Perry; Secretary, Patti Shesky; Treasurer, Cindy Veraghen; Reporter, Lori Pietsch; Social Chairman, Irene Raasch. This new group is looking forward to learning the techniques of sewing. Mrs. Larry King is

leader and Starr Perry as junior assistant.

**Football Banquet**  
Through the efforts of the local people of Powers-Spalding, a football banquet was held for the Powers Spalding High School football team, the coach, Jerry Albright and parents. The event was held Tuesday at the Legion Club rooms. Lequia was presented a gift of appreciation from the group.

## Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special)—For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain—without surgery. In case after case, while gently relieving pain, actual reduction (shrinkage) took place. Most amazing of all—results were

so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!" The secret is a new healing substance (Bio-Dyne®)—discovery of a world-famous research institute. This substance is now available in suppository or ointment form under the name Preparation H®. At all drug counters.

## Representative EINAR E. ERLANDSEN Has The Experience!

REPRESENTATIVE EINAR E. ERLANDSEN HAS THE MATURITY TO MAKE SOUND JUDGMENTS BASED ON 18 YEARS OF EXPERIENCE FOR THE COMMON GOOD RATHER THAN POLITICAL EXPEDIENCY. IT JUST MAKES GOOD SENSE THAT THIS IS NO JOB FOR AN AMATEUR. REPRESENTATIVE EINAR ERLANDSEN HAS RECEIVED STATE-WIDE ACCLAIM FOR HIS LEGISLATIVE ACCOMPLISHMENTS AND FEARLESS LEADERSHIP AS CHAIRMAN OF THE HOUSE WAYS AND MEANS COMMITTEE WHERE IT IS HIS RESPONSIBILITY TO KEEP STATE EXPENDITURES IN BALANCE WITH ANTICIPATED INCOME. THE CHAIRMANSHIP OF THIS COMMITTEE MEANS A GREAT DEAL FROM THE STANDPOINT OF BENEFICIAL LEGISLATION FOR THE UPPER PENINSULA. REPRESENTATIVE EINAR ERLANDSEN'S VOICE HAS ALWAYS BEEN RAISED IN SUPPORT OF PROGRAMS TO BENEFIT THE U. P. KEEP THAT ACTIVE VOICE IN THE STATE LEGISLATURE.

## Re-Elect EINAR E. ERLANDSEN As Your State Representative

You cannot afford the luxury of inexperience!

A MESSAGE TO YOU FROM REPRESENTATIVE EINAR E. ERLANDSEN

Dear Friends:

Now that the closing days of the 1966 campaign have arrived I want personally to thank all of the people who have assisted me and given me their support regardless of political affiliation. It has been most heart warming to know, that in spite of the erroneous charges, wild allegations, innuendoes and distortions of truth by my opponent and his supporters that the people have not been taken in.

I am proud of the record I have achieved since I have been privileged to serve you. If I have not always taken note of the frantic charges made against me by my opponent in the past few weeks it is because I gave the voters credit for too much intelligence and felt confident they would recognize that "desperation knows no rules".

I have not campaigned on a platform of making a lot of promises that experience and mature judgment would tell me could not be fulfilled. Instead, I will say that if I am re-elected I will attempt to represent you to the best of my ability as I have in the past.

As your Representative from the 107th District I will continue to serve you and the Upper Peninsula. As Chairman of the Ways and Means Committee you have my solemn promise that I will keep State government expenditures within anticipated revenues so that it will not be necessary to levy new taxes on an already overburdened population.

Sincerely yours,

Einar E. Erlandsen  
Representative - 107th District  
Chairman-Ways & Means Committee

IN RECOGNITION of his many years of public service with particular note of his leadership for the State of Michigan in government finance, in the fields of agriculture, commerce and education, Representative Erlandsen receives an honorary degree in Public Service at Bay de Noc Community College, Escanaba.

BUSY AT HIS DESK in the House office building in Lansing, Representative Erlandsen ponders problems of income and expenditure affecting his district, the entire Upper Peninsula and the State.

## Fellowship Plans For Holiday Events

**RAPID RIVER**—The Women's Fellowship of Rapid River's Congregational Church met Wednesday evening at the church. Mrs. Charles Bowen, Fellowship president, reported on the success of two major Fellowship activities for the month of October: meals served at the Bay de Noc Beef Producer Yards and the Harvest Home Dinner. The membership voted to pay the balance of the parish hall debt with the profits from the October endeavors.

The Church Board has set Sunday, Dec. 4 for the special mortgage burning ceremony. Representing the Fellowship in the service will be Mrs. Grace Burnett and Mrs. Esther Caswell. Following the special service, a potluck meal will be served in the parish hall for all friends of Rapid River Congregational Church. Invitations to the celebration will be extended to former church members, friends, pastors and United Church of Christ Conference officials.

Mrs. Naomi Waters was named chairman of purchasing needed cooking utensils for the church kitchen. The Fellowship weekly rag days will begin after the Christmas holidays. A Christmas party will be held Dec. 7 for all women of the church and their friends. Co-chairmen for the holiday party are Mrs. Charles Bowen and Mrs. Thomas Safford.

Rev. Philip C. Melli showed his ecclesiastical stoles and told of their meaning and significance to the Protestant faith. Evening hostesses were Mrs. Carlyle Holmgren and Mrs. Walden Johnson.

More people get more news from newspapers than from all other sources combined.

# Women's Activities

## Duplicate Bridge Results In Tie

Mr. and Mrs. Harry Needham and the team of Bill Wood and Clair Hoehn tied for first place Saturday as a large field of 24 pairs competed in the weekly Elks Bridge League duplicate game at the Elks Club.

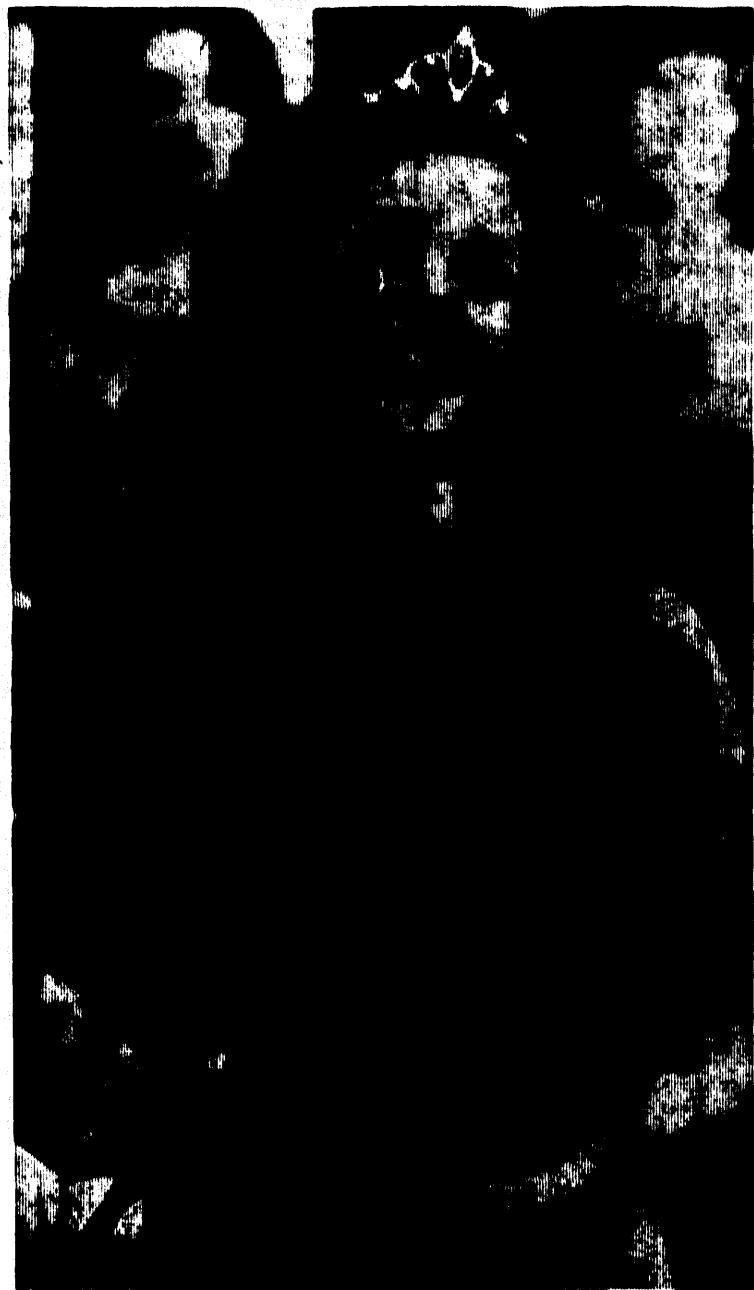

Other pairs playing over 50 per cent were: 2, Mr. and Mrs. Al Taylor; 4, Mr. and Mrs. Dale Sviland; 5, Mr. and Mrs. Kibby Treiber; 6, Mr. and Mrs. Robert Pearson Sr.; 7, Carroll Douck and Claranne Kaltenbach; 8, Mr. and Mrs. Alger Strom; 9, Mr. and Mrs. Lou Gregory; 10, Mr. and Mrs. Elmer Feldt; 11, Mr. and Mrs. Fred Swank; 12, Mrs. Al Rajala and Mr. and Mrs. Newman; and 14, Mr. and Mrs. Richard Knoll, and 14, Mr. and Mrs. Clyde Lepisto.

The club will play again at 7:30 p.m. next Saturday at the Elks Club.

## St. Joseph HS Meets Wednesday

St. Joseph Home and School Association will meet Wednesday at 8 p.m. in the school cafeteria. Sister Cleomene and the Science faculty have prepared a program to introduce parents to the faculty, curriculum, resources and training aids which prepare their children for high school science.

Sister Madonna will present the science concepts taught in the primary grades. Sister Anthony, the intermediate grades and Mr. Pangnis, the upper grades. Training aids and some of the children's work will be on display. All parents are cordially invited to attend.

**BLACK HAired SANDRA** Lee Roberts, 17, of Millitas, Calif., is the judges' choice for the title of Miss Teenage America for 1967. Sandra, a high school senior, hopes to continue her engineering major at Stanford University. She entered herself in the national contest to be selected as a candidate-at-large and walked off with close to \$23,000 in all including a four year college scholarship. (AP Wirephoto)

## Armed Forces Day Program In Bark River

An Armed Forces Day program will be presented in the gymnasium of the Bark River-Harris Elementary School on Friday, Nov. 11, at 11 a.m. under the sponsorship of the Rheume-Knauf American Legion and Auxiliary. ## John Webber Dies Suddenly

TRENNARY—John D. Webber, 54, well known Trener resident, died unexpectedly at 8 a.m. Saturday at his home. Mr. Webber was born May 5 1912, in Trener and was a resident of Trener all his life. He formerly operated a service station and was presently employed as a bus driver and custodian for the Mathias Township Schools. He was a charter member of the Trener Lions Club, served 20 years as township treasurer, and was a director on the church board of St. Rita's parish.

Survivors include his widow the former Pauline M. Slambo of Trener; five sons, John Patrick of St. Paul, Stephen Joseph, Michael Charles, James Daniel and Thomas Zachary, all at home; three daughters, Mrs. Robert (Nancy) Brant of Trener, and Kathleen Irene and Maureen Anne at home, and three grandchildren. Also surviving is a sister, Mrs. Charles Zurawski of Providence, R.I. and two brothers, Ralph of Michigan, and George of Trener. Friends may call after 3 p.m. today at the Skradski Funeral Home. The rosary will be recited at 8 p.m. today. Funeral services will be held at 10 a.m. Tuesday from St. Rita's Church Trener, with Fr. Michael Hale officiating. Burial will be in Trener Cemetery.

## Chicago School Leader Weekend Visitor Here

Mr. and Mrs. Frank Whiston were weekend guests at the House of Ludington on a visit to Escanaba to attend to family business.

One of Escanaba High School's most distinguished alumni, Whiston is a prominent Chicago real estate manager and dealer and president of the Chicago Board of Education. Of Chicago's public schooling problems, Whiston said that the board is now awaiting for its new superintendent of schools, James Redmond, to work things out. Chicago votes, Whiston said, on Tuesday on a \$25 million bond issue and we'll need \$150 to \$200 millions after Jan. 1 for our overall needs.

"Many of our schools are over a century old. We have over 600,000 students."

## Obituary

### JOHN KATARINCIC

Funeral services for John Katarincic were held at 10 a.m. today at St. Thomas Church with the Rev. Leno Zadra officiating. Burial was in Holy Cross Cemetery. Pallbearers were, Francis Roy, George Shomin Sr., Frank Sudac, Steve Rozich, Frank Massard and Alphonse DeMentier.

The ant has two stomachs.

## Look Outward, Students Urged

More than 200 members of student councils of Upper Peninsula high schools attending the annual University of Michigan conference for council members at Holy Name High School on Saturday were urged to take new directions in student government.

Dr. Don Weaver, professor of education at Western Michigan University, Kalamazoo, keynoted the conference with a proposal for change. It is time, he said for student councils to cease giving much attention to social events and dates and other small business of the school and to relate student council business to the problems of the world outside the schools.

The headlines in the daily press, he said, are 70 per cent or more concerned with information not of a technical nature, but sociological. They are concerned with crime, with racism, with the rights of human dignity and such matters. Student councils, he suggested, should take greater interest in sociological problems because they are what the students will face when they graduate into the adult world.

If leadership is to be developed by schooling, he said, it must deal with the human problems of society. The students were urged to go beyond popularity in student council decisions and to serve the best interests of the students bodies—popular or not—by the speakers. They included James R. Irwin, executive director, Michigan Association of Student Councils and consultant in the U-M Department of Speech, Ann Arbor.

A symposium offered the adult and student view of student councils by Rev. Lawrence Gauthier, Holy Name High School Robert Micensky, Escanaba Area High School, John Temple, Crystal Falls High School and Tom Howe, Sault Ste. Marie High School student Council president.

Clerk

## Service, Meaning Emerge As Publications Themes

Prof. Mitchell V. Charnley of the University of Minnesota journalism dept. said two ideas emerged from the Upper Peninsula Conference on Student Publications Saturday—service and meaning.

Charnley made closing remarks to some 300 high school journalists gathered in the closing group session at Escanaba Area High School. He also delivered the keynote address to the opening program.

"The Constitution of the United States gives the journalist a special privilege given to no others on the basis that he will use this privilege for the good of the community—service—by trying to give real meaning to what you do," Charnley said.

He said that studies he has made and those by others show that newspapers are "astor-

ingly accurate" but that the error most commonly made was one of meaning.

"The facts are right, but the impression is wrong."

Charnley told the students that "there is no such thing as true objectivity, but the effort to obtain it is one of the truly honorable aspects of journalism."

Charnley, who has worked for several metropolitan newspapers, is a teaching professor at the University of Minnesota. He said he likes to keep a full schedule and is teaching three courses this quarter.

The Conference was sponsored by the University of Michigan in cooperation with the Student Publications Section, District 16-17-18 Michigan Education Association, the Michigan Interscholastic Press Association, Northern Michigan University and Lake Superior State College.

Group Sessions Held  
Students after the morning general session broke into group discussions before a luncheon in the high school com-

mons area. Group discussions began again at 1:30 p.m. before the closing session.

Advisors and discussion leaders at the conference included Prof. John V. Field, University of Michigan Dept. of Journalism; Mrs. Field, publications advisor, Ann Arbor High School; Earl McIntyre, director of informational services, Northern Michigan University; Jack McNamara, publications advisor, Ferris State College; Paul Ripley, director of information services, Lake Superior State College.

Planners included Kathleen Hogan, journalism instructor, Escanaba Area high school, Charles Folio, University of Michigan Extension Service director, Escanaba, and William Finlan, director of information services, Gwinns high school.

## Briefly Told

The Webster Youth Center will be open for regular activities Thursday at 6:30 p.m.

Marriage license application was made at the County Clerk's office by Ralph Vincent Cook, Wells, and Bernice Ann Good-nough, 309 3rd St., Wells.

The Escanaba Jaycees will offer rides to the voters on election day. Anyone wishing a ride may call ST 6-5860, ST 6-7345, ST 6-0598.

The Ford River Township Board will meet this evening at 8 at the Ford River Township Hall instead of Tuesday, Nov. 8.

Blawie Lodge 281 will meet Tuesday at 7:30 in the Eagles Clubrooms. Hostesses will be Mrs. Elsie Priester and Mrs. Rose Nelson.

The Delta County Radio Club will meet today at 7 p.m. in room 10 at Bay de Noc Community College.

The Evangelical Church women will have a cleaning Bee Tuesday afternoon at the parsonage.

Bay de Noc Encampment No. 174 I. O. O. F. will hold an important meeting at 8 p.m. Wednesday, Nov. 9. Lunch will be served and a social hour will follow to attend.

The Bay de Noc Engineers Club will meet at the Marble Arms plant at Gladstone at 6:30 p.m. Thursday, Nov. 10, for a tour of the plant. Dinner will follow at the Sherman Hotel, Escanaba.

Escanaba police received a report from Joseph Bellin, 302 S. 19th St., that a car had been abandoned Sunday morning. Investigation disclosed the car had been stolen from the Coyne used car lot.

Four juvenile boys were questioned by Escanaba police for causing damage estimated at \$400 to the screen in the Delft Theatre. They boys shot paper clips at the screen.

Officers of R. C. Hathaway Chapter 49, OES will meet Tuesday at 8 p.m. at the Masonic Temple for the purpose of practicing. June Nelson and Millie Olson will be hostesses for the evening. Everyone is urged to attend.

Traffic court summonses have been issued by Escanaba police to Gerald A. Johnston, 1213 Washington Ave., following too closely and for having a frost-free car windshield; Richard J. Olson, 820 S. 19th St., following too closely; Stanley D. Luonenburg, 617 S. 12th St., failing to exercise due care; Arthur P. Nelson, 1518 7th Ave. S., failing to yield the right of way; and to Rudolph J. Norman, 204 N. 12th St., disobeying a traffic signal.

"Dogie" is a cowboy term for a motherless calf in a range herd.

## BIDS WANTED

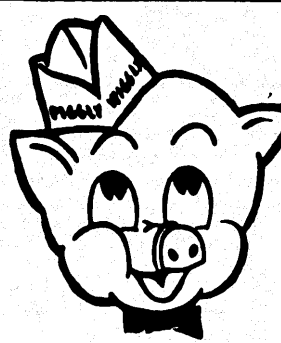

Separate sealed bids for the Architectural Trades, Heating, Ventilating and Plumbing, and Electrical Work will be received by Mrs. Clara Mosenfelder, Secretary, Board of Education, Escanaba Area Public Schools, 1219 North 19th Street, Escanaba, Michigan, on or before December 6, 1966, at 8:00 p.m., E.S.T., and will be publicly opened and read, the same date and time, in the Administration Building, 1219 North 19th Street, Escanaba, Michigan; for furnishing and installing all materials, labor, plant, and equipment required to construct a new elementary school and a new heating plant at Escanaba, Michigan, strictly in accordance with plans and specifications prepared for by G. Arntzen & Co., Architects, 820 South 16th Street, Escanaba, Michigan.

Proposals shall be addressed to Mrs. Clara Mosenfelder, Secretary, Board of Education, Escanaba Area Public Schools, 1219 North 19th Street, Escanaba, Michigan, and shall be labeled "Proposal to Construct a New Elementary School and a New Heating Plant". (List appropriate division of work.) The name of the Bidder shall be on the envelope.

The bids must be accompanied by a certified check or Bidder's bond in the amount of five percent (5%) of the amount of the base bid, which shall be payable to the Owner as a guarantee of good faith.

Bids may not be withdrawn within thirty (30) days after opening date without forfeiting bid security. Plans and specifications may be obtained at the office of the Architect upon a deposit of \$25.00 on each set of documents, which deposit shall be returned upon receipt of said plans and specifications in good condition at the office of the Architect at the time designated by him. Said deposit will be forfeited should the Contractor fail or refuse to return the plans and specifications when called for. The Owner reserves the right to accept or reject any or all bids.

# Cowboys, Pack Bow As Upsets Startle Pro Football Teams

By The Associated Press

Nothing else was working for the Philadelphia Eagles, so they started cashing in on Dallas touchdowns.

Philadelphia's Timmy Brown returned kickoffs 93 and 90 yards for touchdowns following Dallas scores Sunday, setting a National Football League record and sparking the Eagles to a 24-23 triumph over the heavily favored Cowboys.

Aaron Martin ran back a Dallas punt 67 yards for another touchdown and Sam Baker kicked a 31-yard field goal as the Eagles scored all their points in the first half.

Brown became the first player in NFL history to score twice in a game on kickoff runbacks as the Eagles avenged a 56-7 early-season loss to Dallas in one of three big upsets on Sunday's schedule.

**Two More Shockers**  
The Minnesota Vikings, triggered by Fran Tarkenton's clutch passing, stunned the Green Bay Packers 20-17 and the Pittsburgh Steelers, winless in their previous five games, shocked the Cleveland Browns 16-6.

St. Louis lost quarterback Charlie Johnson in the third quarter with a knee injury but held off New York 20-17, stretching its Eastern Division lead over Dallas to 1½ games and Baltimore, led by sharp-shooting Johnny Unitas, moved within one-half game of the Western Division-leading Packers by whipping Washington 37-19.

Elsewhere San Francisco trimmed Los Angeles 21-13 and Detroit played Chicago to a 10-10 standoff.

The Eagles spotted Dallas an early touchdown, tied the score on Brown's 93-yard burst, then fell behind 17-7 before Brown struck again. Martin's touchdown jaunt sent them ahead to stay less than a minute later.

**Second Setback**  
Minnesota's Tarkenton completed 16 of 26 passes for 172 yards. His 38-yard third-down strike to Jim Phillips in the fourth quarter set up Bill Brown's one-yard dive for the winning touchdown. Brown also scored the other Viking TD on a one-yard run and Fred Cox booted a pair of field goals.

The loss was the Packers' second in nine games.

Ron Smith, Pittsburgh's rookie quarterback, marched the Steelers 80 yards late in the third quarter, completing four straight passes including an eight-yard payoff pitch to Gary Ballman that doomed Cleveland. Three field goals by Mike Clark completed the Steeler scoring.

An aroused Pittsburgh defense tossed Frank Ryan for five losses totaling 52 yards and intercepted five of his passes. Lou Groza missed the extra point kick following Cleveland's touchdown after converting 123 in a row.

**Cards Stage Rally**  
Cleveland tackle Dick Modzelewski played in his 174th consecutive game, tying the NFL record set by Leo Nomellini of San Francisco three years ago. The Cardinals, boosting their record to 7-1-1, came from behind in the second half on a 66-yard TD pass from Johnson to Jackie Smith, a seven-yard scoring run from sub-quarterback Terry Nofsinger to Prentice Gautt and Jim Bakken's

second field goal of the game.

Johnson hurt his right knee when he was knocked out of bounds picking up a first down that set up the second St. Louis touchdown. The Cardinals also lost center Bob DeMarco with a knee injury while the Giants played without quarterback Earl Morrall, who broke his right wrist in a dummy scrimmage Saturday afternoon.

Unitas hit on 22 of 31 pass attempts for 344 yards and three touchdowns and Gary Cuozzo fired a fourth TD pass for the Colts, now 6-2. Lou Michaels completed the Baltimore scoring with three field goals.

The 49ers beat Los Angeles in the mud at San Francisco as John Brodie ran for two touchdowns and passed three yards to rookie Kent Kramer for a third score.

Wayne Walker's 11-yard field goal with 1:15 to play enabled the Lions to tie the Bears. Gale Sayers carried for 124 rushing yards and scored the Bears' touchdown on a 10-yard gallop.

## Northern Whips Illinois Outfit

**MARQUETTE**—A hard-nosed defense, a consistent offense and a record breaking kicking performance by Tony Richardson led Northern Michigan to a 34-0 rout over Southern Illinois Saturday afternoon. A chilled crowd of 3,500 Air Force Day fans witnessed the game at Memorial Field.

Northern's defense intercepted four SIU passes, recovered three Southern fumbles and prevented the visitors from moving inside the Wildcat 25.

Halfback Larry Snoddy scored two NMU touchdowns, diving over from the two in the first period and sweeping nine yards in the third. Lonnie Holton had a nine yard scoring run in the third period, and Jim Lindstrom tallied the final TD on a one yard burst in the final quarter.

Richardson kicked two fields, kicks of 29 and 37 yards, and added four PATs to rewrite the NMU record book. His field goal records include two in one game, five in a season and eight in his career, he has set a PAT mark of 26 in one season, and has tied Wayne Sickler's career record of 42.

Northern had a total offense of 264 yards, including 224 rushing, and picked up 14 first downs. SIU was held to 82 yards on the ground and added 32 passing for a net gain of 114. Southern had eight first downs.

Lindstrom was the Wildcat's top ground gainer with 66 yards in 12 carries, while SIU's Charlie Pemberton accounted for 64 yards in 17 tries.

Northern, now 6-3, closes the season Nov. 19 at Quantico.

## Lions Deadlock Chicago, 10-10

**CHICAGO (AP)** — Someone once said tying a ball game is like kissing your sister, but for the Detroit Lions it was like acquiring a harem.

"It's been a long time for us," said linebacker Wayne Walker. "You know how bad it's been in town. Sure, we're not winning, but we don't want people to think we're quitting."

Walker's field goal from the 10-yard line in the fourth period lifted the Lions to a 10-10 tie with the Chicago Bears Sunday. Chicago mounted a drive of its own with time running out and Roger LeClerc tried a field goal from the 25. He missed and the Lions jumped and clapped as though they had won a championship.

"He just blew it," Lion Coach Harry Gilmer said.

The Lions had driven to the

Chicago four and it was fourth and goal when Gilmer sent in Walker to kick.

Quarterback Karl Sweetan said the players wanted to go for the touchdown and victory, but added: "Harry is the boss. We do what he says. He knows more about this game than I do."

"I didn't want the tie," Gilmer said. "But you can't go for a touchdown with that much yardage to go."

Twice, however, the Lions drove close without a score. Richie Petitbon intercepted one of Sweetan's passes at the Chicago six to blunt one drive. On another the Lions got to the six and Garo Yepremian tried a field goal that was blocked.

Asked why he put in Walker instead of Yepremian for the final field goal try, Gilmer replied:

"Garo was kicking low. Wayne didn't kick it any higher, but he got it over."

The Lion touchdown came in the second period, starting from the Chicago 44. Sweetan lofted a pass into a mass of Bears around Pat Studstill and pass interference was called, giving the Lions the ball on the Chicago 17, a gain of 24 yards. Bruce McLenna — replacing the injured Tom Nowatzke — ran it to the nine, Sweetan gained six yards to the three and Amos Marsh zipped by on a McLenna block to score.

The Lion field goal came on a drive from Detroit's 43. Marsh, McLenna and Bobby Feltz carried the ball and Sweetan hit Ron Kramer, Feltz, Marsh and Studstill with passes to move it to the six. Marsh got to the four and Feltz was stopped for no gain. Another pass fell incomplete before Walker's kick.

Chicago's man offensive was Gale Sayers, who shredded the Detroit defense for 124 yards in 21 carries. He scored Chicago's touchdown on a 10-yard burst and his hammering runs helped set up LeClerc's field goal from the 12 in the second period. It put Chicago ahead 10-7.

Besides Nowatzke, who suffered bruised ribs, Tommy Baughman pulled a leg muscle. Bruce Maher sustained a broken nose, Feltz suffered a dislocated finger and McLenna hurt his knee.

## Three Area Athletes Named To First Team

By RAY CRANDALL  
(Press Sports Editor)

**CRYSTAL FALLS**—A pair of Holy Name terrorists and a cool Eskymo performer received the highest recognition possible from Upper Peninsula sportswriters when they were granted first team berths on the All-U.P. football selections here Saturday.

Writers representing 14 regional newspapers made their selections at the annual fall meeting, hosted by the Crystal Falls Diamond Drill, at the Westwood Supper Club.

Named to the Class A-B first team were guard Dale Shandony and halfback Bob Brisco of Holy Name and end Paul Miller of Escanaba.

Versatile was the word for Brisco, an iron muscled senior who gave the Crusaders 100 percent on offense and defense. The 5 foot 11 inch, 175 pound athlete shrugged off a season long back injury to lead his team to a 6-2 overall record by gaining 600 yards in 90 carries for nine touchdowns.

Brisco scored three touchdowns on the end of passes from Dave Cannon, churned from scrimmage for four, tallied with an interception and also with a punt return. In addition Brisco tossed for one TD. He was a devastating tackler as a defensive linebacker.

Shandony was co-captain of Coach Tom O'Neill's Crusaders with Brisco. The 5 foot 11 inch, 180 pound senior also ignored a severe hand injury to turn in an outstanding season performance for Holy Name. Shandony was a fierce blocker on offense and a defensive demon who helped the Crusaders hold their eight opponents to 84 points this fall.

Miller was a major factor in Escanaba's successful 5-3 season. The 6 foot 1 inch, 185 pound senior opened the campaign as an end and finished as a halfback, starting in both capacities.

Miller hauled in five long distance touchdown passes from quarterback Jim Boyle, ranging from 60 to 35 yards. He also accounted for three running touchdowns after being converted to a halfback spot. His defensive end play was outstanding.

Earning a second team berth from the area was husky Mike Maniaci of Gladstone, a guard on offense and tackle on defense. The 5 foot 9 inch, 215 pounder averaged 11 tackles per game and intercepted five passes during the season. He co-captained Coach Don Plothenauer's team as a junior.

Rounding out the Class A-B first team were Dennis Bal of Calumet at end, a repeater from last year, with Lee Belmas of Ironwood at guard, Bill Petaja of Calumet and Marty Hanninen of Negaunee at tackle and Greg Roderick of Iron Mountain at center.

Rudy Steiner, classy Iron Mountain junior, was named to the quarterback spot. Flanking

Brisco in the backfield were George Oikarinen of Calumet and Jeff Sitkoski of Iron River.

Bel, like Miller, was an outstanding receiver with 27 catches for 419 yards and three touchdowns.

Steiner did everything for the Mountaineers. The scoring and rushing leader in the Great Northern Conference, Steiner punted, kicked extra points and played safety on defense.

Oikarinen, another repeater, captured the U.P. scoring crown with 20 touchdowns and eight extra points. In addition to gaining over 1,000 yards rushing, he also caught 14 passes.

Sitkoski, moving up from last year's second team, was hampered with an injury early in the season but finished strong with 593 yards rushing and six touchdowns in his last five games.

The All-U.P. Class A-B second team was loaded with talent. Honored in the backfield were quarterback Bill Zhulkie of Ishpeming, tailback Pat Miller of the Great Northern champion Menominee Maroons, fullback Steve Slining of Ironwood and Negaunee's John Argall, who was second team selection in his junior season last fall.

Two talented Manistique juniors were high on the list of candidates for honors and both received honorable mention. Quarterback Bob Cowman and end Gary Sample ranked among the best in the Peninsula. Sample caught 51 passes for 621 yards and nine touchdowns as well as four extra points. He also intercepted four passes on defense. Cowman fired a record 258 passes and completed 107 for 1,443 yards, nine touchdowns and six extra points. He also scored two touchdowns and an extra point on the ground.

Two other Esky athletes received honorable mention. Guard Marty Oslund and quarterback Jim Boyle were honored on the list.

Holy Name's Mike Moberg was singled out as the lone Class A-B center to receive honorable mention. Gladstone players honored were Jim Cornell at guard, Mike Cole at end and Gary Larson at halfback.

Among the players honored on the Class C-D honorable mention list were three members of Coach Rod Carlson's Eastern Conference champs Engadine. Making the list were center Cliff Walmisley, tackle Dave McGuire and end Roger Nesbit.

## Chargers Concentrated On Wrong Receiver As Chiefs Win, 24-14

By The Associated Press

All last week the San Diego Chargers attended an Otis Taylor film festival, but Kansas City's leading man turned out to be Chris Burford.

With the Chargers' defense double-teaming Taylor, the league's fifth leading pass receiver, Burford was able to break loose for a couple of important catches that propelled the Chiefs to a critical 24-14 American Football League victory Sunday.

"We knew they'd been looking at Taylor all week in the films," Kansas City Coach Hank Stram said after the game. "So the Chiefs had Burford, the split end, switch from the left side of the line to the right on succeeding plays in order to confuse the Charger secondary."

How well the strategy worked was shown on two of Burford's five catches.

In the first quarter, Burford

got a step on defender Speedy Duncan and made a diving catch of Len Dawson's pass while Duncan was making a diving catch of Burford. Both men rolled for several yards before coming to a halt, the ball safely in Burford's arms. The play went for 38 yards to the San Diego 12 and Kansas City scored a moment later.

With 44 seconds remaining in the half, and the Chiefs 10 yards from the Charger goal, Burford ran into the end zone and then parallel to the goal line until he was nearly out of the playing area. Then he sliced back inside, bringing the ever-present Duncan with him. At the last moment, Burford cut to the sideline again where he conveniently found Dawson's pass awaiting him for a touchdown.

In other AFL games, Denver upset Boston, 17-10. Buffalo beat Miami, 20-0 and Oakland took Houston, 35-28.

Back George Oikarinen

## Clint Explodes, Spartans Blast Big Ten Enemy

**EAST LANSING (AP)** — Strong, speedy Clint Jones, who felt he hadn't been doing his fair share this season, almost did more than the whole Iowa team Saturday.

As No. 2 ranked MSU demolished the Hawkeyes 56-7, Iowa rushed for 150 yards. Jones matched that with two scoring bursts—79 yards up the middle and then 70 yards around end.

The Hawkeyes had 270 total yards. Jones had 269—breaking the Big Ten record of 239 set by Illinois' Jim Grabowski last year and the MSU record of 207 set by Ron Rubick in 1962.

Another outstanding representative of Spartan speed — end Gene Washington—caught touchdown passes of 33 and 10 yards from Jimmy Raye. This gave

him a career total of 15 TD catches, breaking the MSU mark of 14 set by Bob Carey in 1949-51.

The victory, MSU's eighth straight and sixth in the Big Ten, clinched at least a tie for the conference title. The Spartans need a victory over seventh-place Indiana next Saturday to become the first team in 12 years to win two straight Big Ten titles.

Two factors set off the Spartan outburst. MSU had to play without its leading ground gainer, injured fullback Bob Apisa, and Apisa's backfield mates told him, "Don't worry, we'll try to run a little better."

Iowa stung the Spartans by taking the opening kickoff and marching 90 yards in seven plays for a touchdown.

"That made our kids mad," said coach Duffy Daugherty of MSU.

Apisa, who had 444 yards in 84 carries for a 5.2 average, sprained his right knee Oct. 22 and banged it again Oct. 29. Whether he'll be ready to play against Indiana still is uncertain, said Daugherty.

But his replacement, sophomore Regis Cavender, picked up 92 yards and two touchdowns in 12 carries, boosting his season's rushing average to 4.8.

Jones, who now is the leading explained: "I only had three games left to do my share. I didn't want to end the season regretting," he said. "Duffy said good things about me before and I didn't want to let him down, or let the team down."

Next week's opponent, Indiana, has a 1-3-1 Big Ten record and has lost two straight games—20-19 to Iowa and 7-0 to Ohio State.

Tom Flores connected on just 10 of 36 passes for Oakland, but he made them count for 269 yards and two touchdowns. The scoring throws went 78 yards to Fred Blount and 46 yards to Art Powell.

Wash Lyons rushed for 835 yards as a sophomore for Ohio University in 1964. He was two yards short of the school record set by Erland Ahlberg in 1964.

## Wayne Sickler Named Grid Mentor Of Year; Oikarinen Best Back

**CRYSTAL FALLS**—The Upper Peninsula Sportswriters Association named Menominee the 1966 football champion and winner of the Floyd Barber Trophy at their annual fall meeting here Saturday.

Coach Ken Hofer's Maroons earned the trophy with a solid 9-5 vote from the U.P. writers. Calumet was the only other team to receive support.

Menominee became the only team in history to win the Barber Trophy four times. Previous years when the Maroons were named U.P. champs were 1950, 1952, and 1958. The trophy was put into circulation for the first time in 1949.

The Maroons compiled a record of seven victories against one tie and one setback this fall. The deadlock came against Stambaugh, 7-7 in the season opener. After seven straight triumphs over Escanaba, Rhineland, Stephenson, Holy Name, Iron Mountain, Ironwood and Kingsford, the Maroons were belted 32-0, by Marinette in their season finale.

Calumet, Menominee's lone contender for the top honor, had a 7-1 record. The victories were posted over Bessemer, Maple, Houghton, Ontonagon, Hancock, Gwinn and Crystal Falls while the setback was suffered to Ironwood.

Wayne Sickler, Calumet mentor, was honored as Upper Peninsula Coach of the Year.

Sickler is a native of Calumet where he was an All-Upper Peninsula end in his junior and senior years in high school. He attended the University of Michigan for a year and finished his education at Northern Michigan University where he starred as an end and place kicker. Sickler coached for two years at Munising after graduation, guiding the Mustangs to identical 5-3 records in 1962 and 1963. His record at Calumet is 13 victories against 10 defeats. His Copper Kings were 0-7 in his first year, then improved to 6-2 in 1965 and 7-1 this fall.

Other coaches nominated for the honor included Tom O'Neill of Holy Name, George McCormick of Gwinn, Ken Hofer of Menominee, Lodie Morris of Negaunee, Don McDonald of Stambaugh, Jerry Gallagher of St. Ignace and Adolph VanCitters of Sault Ste. Marie.

Singled out as the top back in the Upper Peninsula this season was George Oikarinen of Calumet. Named to the All-U.P. first team as a junior after gaining over 1,000 yards last year, Oikarinen dominated the U.P. rushing and scoring ranks again this year.

The 5 foot 11 inch, 183 pound speedster reeled off 1,454 yards on the ground and snagged 14 passes for an additional 270 yards, giving him a total of 1,724 from scrimmage this fall.

## Sports In Brief

**LOS ANGELES (AP)** — Los Angeles Superior Court Judge Benjamin Landis scored a notable one Sunday on the par 3 hole at Hiltcrest Country Club. He said it was his fourth in five years.

He captured the U.P. scoring title with 20 touchdowns and eight extra points.

Oikarinen was the only back nominated for the honor.

The writers selected Ironwood's Gene Belmas, a solid 5 foot 11 inch, 190 pound senior guard, as the lineman of the year.

Other players nominated for the top lineman honor were Escanaba's Paul Miller, an end, and Marty Hanninen of Negaunee, a tackle.

Attending the session at the Westwood Supper Club were Rudy Dalpra, Crystal Falls Diamond Drill; Ray Crandall and Ed McCarthy, Escanaba Daily Press; Dick Lorenger, Houghton Mining Gazette; Ron Kramer, Iron Mountain News; Dick Eggert, Iron River Reporter; George Nelson and Bill Carew, Ironwood Daily Globe; Andy Gauthier, L'Anse Sentinel; Bill Cadeau, Marquette Mining Journal; Jim Trehewey, Our Sunday Visitor; Pat Carpenter, Menominee Herald Leader; Tom Fellow, Negaunee Iron Herald; Dan Chabot, Ontonagon Herald; Denny McPherson, Soo Evening News.

## Broncos Clinch Share Of Crown

By The Associated Press

Western Michigan parlayed a blocked field goal and the running of sophomore Tim Majerles into at least a tie for the Mid-American Conference title Saturday to highlight a snow-hampered weekend of college football.

In other games, Wayne State blanked Case Tech 26-0. Northern Michigan shutout Southern Illinois 34-0. Albion white-washed Adrian 41-0. Olivet turned back Indiana Central 40-7. Bradley outlasted Hillsdale 38-36. Kalamazoo blitzed Earlham of Indiana 40-4. Central Michigan bounced Eastern Illinois 30-10 and Ashland of Ohio beat Northwest 20-0.

A snowstorm forced cancellation of Hope's game with Bluffton, Ind., and Eastern Michigan's game with Ohio Northern was postponed and rescheduled for Nov. 10.

Majerles, a free-wheeling runner, scored two touchdowns in Western's 10-13 victory over Ohio University. The winning

TD came after Glen Cleup blocked an Ohio field goal attempt and returned it 58 yards to the Ohio 8.

A Jim Bortland pass of seven yards to Dave McMillan accounted for WMU's other TD. The victory left the Broncos with a 5-1 MAC record and a 7-1 overall mark.

Larry Snoddy scored two touchdowns and Tony Richardson booted a pair of field goals in Northern Michigan's victory over Southern Illinois.

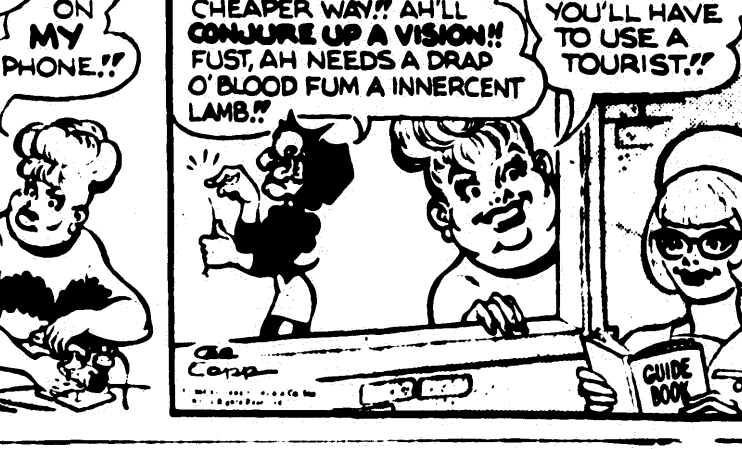

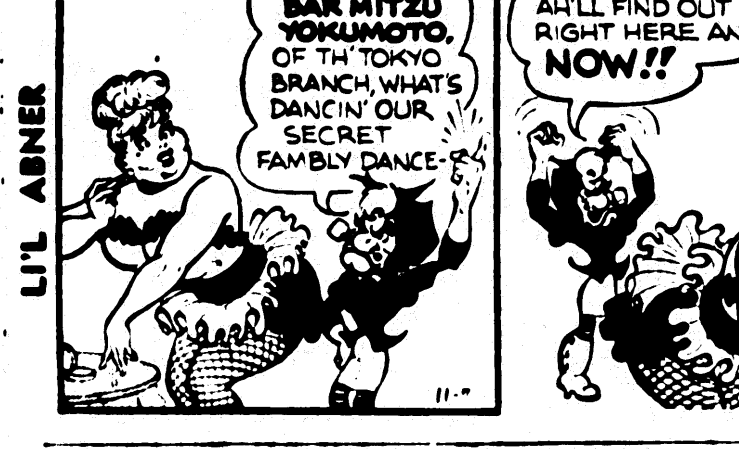

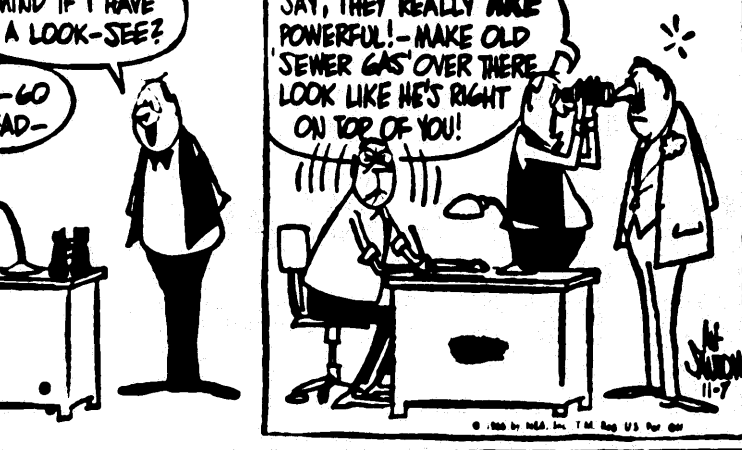

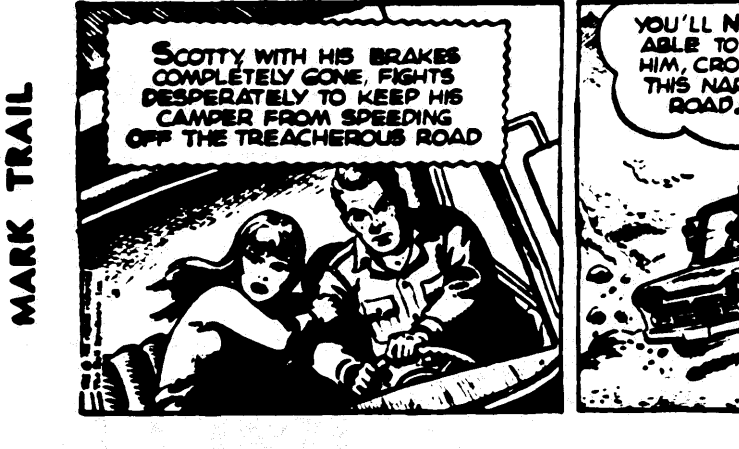

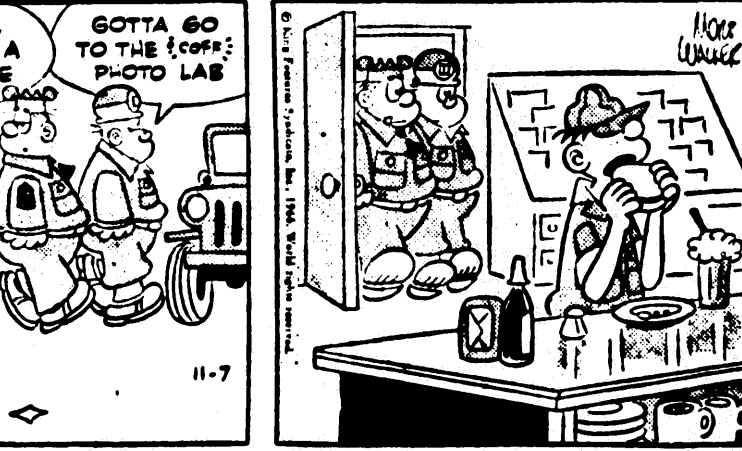

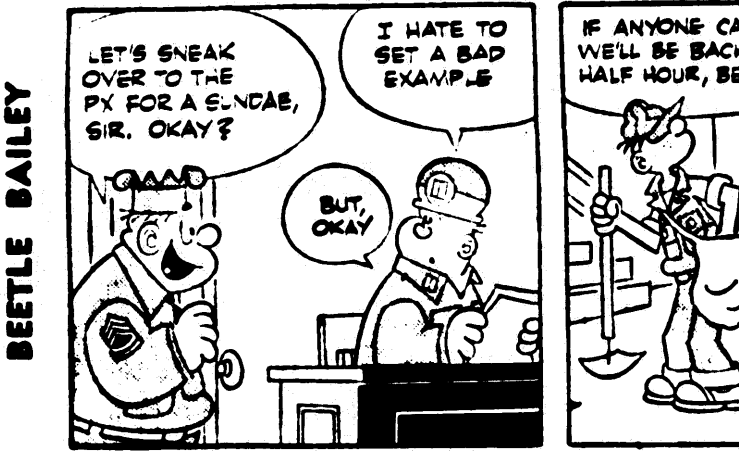

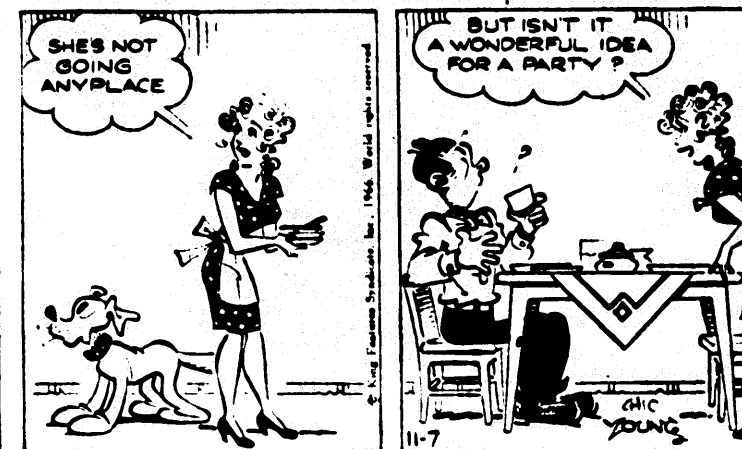

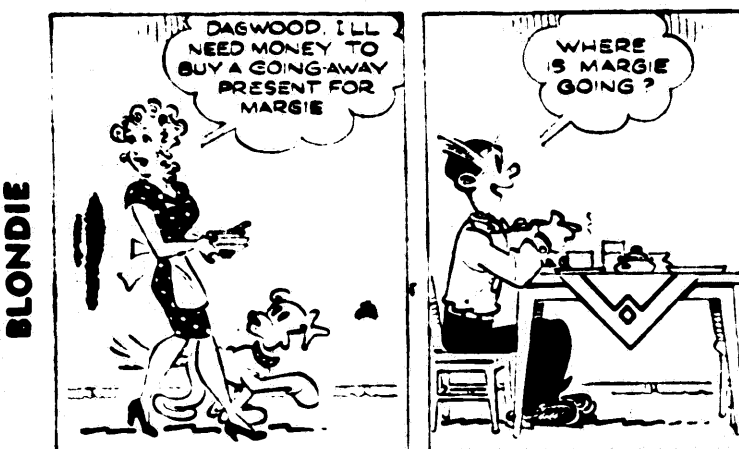

Jim Bell scored three touchdowns and won the league rushing title

## Medicare Tape Puts Blue Shield 30 Days Behind

DETROIT (AP)—Red tape in processing Medicare claims has put Blue Shield 30 days behind in payments to doctors and senior citizens, a spokesman for the medical insurance program said.

John McCabe, executive director for Blue Shield, said more than 100,000 Medicare claims have been filed since July 1. But, he said, only 48,000 have been paid. Total payments have been \$550,000.

"We know some people are complaining that they haven't received their checks yet, but we are confident that procedures will speed up in the near future," McCabe said.

It said current procedures require four weeks or longer to process a claim. McCabe said this would be cut to two or three weeks as procedures are automated and staffs become better trained.

Of the 60,000 claims unpaid 10,000 will be paid shortly, he said. Another 35,000 now are being processed, he said.

Failure to correct information has held up some forms. McCabe said, adding that oldsters sometimes misunderstand that they must pay portions of all

## West Baden Hotel Given Northwood

MIDLAND (AP)—The 700-room West Baden Springs Hotel in West Baden, Ind., has been given to Northwood Institute by an anonymous donor, the school announced.

Northwood officials said the gift includes the hotel, built in 1901 at a cost of \$7 million, and 687 acres of land, including a golf course and sunken garden.

In 1934, owner Charles E. Ballard gave the hotel and acreage to the Roman Catholic Society of Jesus (Jesuits) which operated it as West Baden College for Seminarians until 1964.

The Jesuits decided to abandon the hotel because of the high cost of maintaining it, Northwood officials said.

The hotel and property were sold at public auction in Chicago Wednesday. The price was not disclosed.

## GLADSTONE

### Briefly Told

August Mattson Post 71 of the American Legion will hold a regular meeting at the Legion Hall at 7:30 p.m. today.

Damage to a gasoline tank and tire on a tractor owned by Warren Jones, Rte. 1, Gladstone, is being investigated by State Police. Troopers said the tractor was struck by a bullet.

The 4-H chorus of the Gladstone Community 4-H Club will meet Tuesday at 8:15 p.m. at the City Hall for transportation to the music workshop to be held at the Escanaba Area High School.

The Women's Volleyball and Exercise class will begin a series of weekly classes at the High School Gym at 8:30 p.m. today. An activity session is planned under the direction of Mrs. Betty Wagner.

Three car-deer accidents were reported to State Police Saturday and Sunday. Drivers of the cars were Alfred F. Hyde, Negaunee; Richard W. Feak, Rte. 1, Escanaba; and Maurice J. Bruntjens, Rte. 1, Gladstone. None of the men were injured.

Harold Gagnon, 28, (not Mrs. Gagnon) of Bark River Rte. 1, was involved in a traffic accident last week that was investigated by State Police. No one was injured in the minor mishap on U.S. 2-41 in Masonville Township.

State Police issued traffic tickets over the weekend to Virginia J. Jackomino, Rte. 1, Wilson, no operator's license and no registration or proof of insurance; Paul C. Kleinman, Jr., Wilson, no registration or proof of insurance; James R. Wiitala, Toivola, expired chauffeur's license; Robert J. Breault, 1120 S. 23rd St., Escanaba, no registration or proof of insurance; Walter E. Woolard, Freelandville, Ind., reckless driving.

Three minor traffic accidents were investigated by State Police over the weekend. At 5:05 p.m. Saturday, Otto J. Drossart, 31, Wells, lost control of his car on ice and hit a garage owned by Emil Derouin, 601 Main St., Wells. At 1 a.m. Sunday, a car driven by Roger D. Chylver, 16, of 1119 Washington Ave., slid off U.S. 2 and 41 about one mile west of the Escanaba city limits and hit a tree stump. At 6:20 a.m. Sunday, a car driven by Katherine M. Lewis, 38, of 604 S. 8th St., Escanaba, skidded on ice on the Escanaba River Bridge on U.S. 2 and 41 and struck eight guard posts.

Markets Close  
NEW YORK (AP)—Most U.S. securities and commodities markets will be closed Tuesday, Nov. 8, Election Day.

The Chicago livestock market will be open. The London Stock Exchange and Canadian markets also will be open.

## Adolph Johnson Dies At Hospital

Adolph Johnson, 86, of 1303 Minnesota Ave., died Sunday at 3:50 a.m. at St. Francis Hospital where he had been a patient for the past three weeks.

He had been in failing health for the past year.

Mr. Johnson was born Aug. 4, 1880, in Sunne Varmland, Sweden. He came to Gladstone in 1900 and retired as a car inspector from the Soo Line Railroad 19 years ago.

He was married to Alma Johnson, Jan. 2, 1909, and the couple celebrated their golden wedding anniversary in 1959. He was a member of the First Lutheran Church, the Swedish Club, and the Churchman's Brotherhood.

Survivors include his widow, the former Alma Johnson of Gladstone, a foster daughter, Marlene Worsham of Rapid River, and several nieces and nephews.

Friends may call at the Skrudski Funeral Home after 3 p.m. Tuesday. The Churchman's requiem will be held at 8 p.m. Tuesday. The body will be removed to the First Lutheran Church at 1 p.m. Wednesday for services at 2 p.m. with Rev. Reuben L. Carlson officiating. Burial will be in Fernwood Cemetery.

Politicking On  
School Time Is  
Given Taboo

MENOMINEE—School Supt. Robert Freeman is working to prevent repetition of partisan political activities in Menominee public schools.

He reported that his investigation into charges made by a school board member, Lawrence Fish, a union leader revealed that an administrative staff member was using school time and pupils in the promotion of a political candidate.

The staff member, who was not identified, has been "officially reprimanded and has given assurance that he will not again use pupils for such purposes," Freeman said.

School board policy encourages pupils to "become aware of and discuss political and other controversial issues on a program level," Freeman said, but "it certainly was not intended that a staff member could use the time of pupils, or devote his own time during school hours, to furthering the political campaign of a candidate for office."

## Hermansville

There will be no school at Hermansville public schools on Nov. 9 for grades kindergarten through sixth grade to allow for parent-teacher conferences. High school classes will meet as usual. Any parent desiring a conference at the high school level may call the school for an appointment.

Fred Ayotte is a medical patient at the Memorial Hospital, Iron Mountain.

William Whitens returned after being a medical patient at the Anderson Hospital, Norway.

The St. Anne's Altar Society will meet in the parish hall on Tuesday, Nov. 8 at 7:30 p.m.

Mr. and Mrs. George Maule have purchased land from Jerry Clifford. Cyril Menard and sons Louis and Lenny, Wilfred Menard and son Robert and Leno Faccio have purchased land from Mr. and Mrs. Herman Desmarais. Mrs. Eyre Parish has sold her home in the village to Mr. and Mrs. Julius Faccio. She now makes her home in Decatur, Ill.

Mr. and Mrs. Jack Earle and family of Manistique spent the weekend with his parents, Mr. and Mrs. Steward E. Earle.

Mr. and Mrs. Frank Rodman and family spent Sunday in Munising with her parents, Mr. and Mrs. Fred Lezotte.

Howard LaCasse of Neenah spent the weekend with his mother, Mrs. Gabriel LaCasse and other relatives.

## Registered

The State Board of Registration for Foresters meeting in Lansing on Oct. 21 registered four professional foresters bringing the state total of registered foresters to 217. Newly registered is Gerald K. Vairus, assistant forester Upper Peninsula Power Co., Houghton.

## Student Senate

MARQUETTE—Juniors will comprise nearly one-half of the student senate at Northern Michigan University this year as the result of the annual election held on campus. Those elected include:

Sophomore Tom Olson, 627 S. 17th St., Escanaba; Junior Barbara Suchtel, Box 45, Gladstone.

Ag Job Training  
Surveyed In U.P.

A recent Michigan State University study indicated that 13 per cent of the 11th grade boys in the three eastern counties of the Upper Peninsula were interested in agricultural occupations. This contrasts with 33 per cent of the parents in the area who would like to see their sons enter some agricultural occupation.

In the same area there was no interest among 11th grade girls in agricultural occupations, but three per cent of the parents would like to see their daughters enter an agricultural field.

These findings were among the data presented by Dr. Donald Meaders of the MSU College of Education recently to Michigan Education Association members in Escanaba. Dr. Meaders was reviewing occupational education needs at both the high school and post high school levels and relating these needs to possible high school or community college programs in the U.P.

The eastern Upper Peninsula vocational study, along with similar U.P. surveys in Delta, Menominee, Schoolcraft, and in 14 downstate counties led Dr. Meaders to draw the following conclusions:

1. These studies may be the basis for better vocational education.  
2. Comprehensive programs of vocational education need to be developed to serve the youth and adults in rural areas. This

could mean a decrease in enrollments in agricultural courses in some schools.

3. More students need opportunity to study agriculture at the high school level, in some rural areas, and also in some urban areas.

Michigan Week  
Planners Meet

Development of the "Michigan Minuteman" program — a program of publicizing the state's assets — was emphasized at a Region 2 Michigan Week planning session at the Chamber of Commerce building in Escanaba.

William Wilson, Marquette, director of Operation Action U.P., asked area leaders to attempt to find responsible people to serve as "Michigan Minutemen."

Attending the session were Dean R. Rhoads, Manistique; William J. Final, Gwinn; Allan Dighera, Marquette; Richard Bornslaeger, Munising; David Rood, Manistique, and Keith Foreberg, Marquette.

Michigan Week for 1967 is scheduled May 21-27.
